

DAY 2

CRAFT

MISSION:
DEEP SEA

ACTIVITY | Deep Diver Craft

- **INSTRUCTIONS:** The kids will create their own scuba diver with their face. Provide a Deep Diver printable for each kid, copied on card stock paper. Take a photo of each kid, preferably on day one of VBS, and have printed photos ready for this craft. You could also use an instant print camera for this. Tell the kids to color and cut out their deep diver. Leaders can assist in cutting out the photo to fit the hole in the face of the diver, and gluing them in. (If you have any kids who cannot have their photo taken, have them complete the activity by drawing a face for their diver.)
- Just like a diver goes deep into the ocean to explore the depths of the sea, we are exploring how deep God's love is for us!
- **When we use our gifts, our faith grows deeper.**

PREP | Deep Diver Craft

- Child profile photo or take a photo and print it to cut (Insta-Max/Polaroid camera or substitute)
- scissors
- glue
- crayons

PRINT | Deep Diver Craft

- Deep Diver printable
