

ABOUT HANCOCK WHITNEY SEA OF STARS FOR MISSISSIPPI AQUARIUM

After an extremely challenging year, Mississippi Aquarium, in partnership with Hancock Whitney, wants to help families move forward looking up. Hancock Whitney Sea of Stars for Mississippi Aquarium is an all-new magical experience that will bring innovative technology to life in the night's sky.

Five hundred drones launched into the darkness will create illuminated three-dimensional shapes and characters, such as alligators, dolphins, and turtles. This one-of-a-kind light show is choreographed to a soundtrack of classic and modern favorites. Fireworks will punctuate the night as lagniappe!

As we look forward to the changing seasons, cooler temperatures, and college football, we also need to take time to reflect on the very challenging times that we have endured and still face us. In 2020, we made the decision to cancel our annual fundraising event due to the uncertainty of the situation surrounding us. As we continue to figure out what the new normal is, we have decided to support our annual fundraiser this year, albeit a little different from our previous events. We recognize that our community needs our support and we look forward to offering a little respite in these difficult times. In an effort to keep everyone safe, we have decided to modify our event - Hancock Whitney's Sea of Stars benefitting Mississippi Aquarium. We will be implementing measures for guests that attend the Aquarium function to ensure our guests enjoy the event more safely, primarily capping the attendance at 500 guests. Activities at the Aquarium will be outdoors, masks and vaccines strongly encouraged, and social distancing practices will be in place. We look forward to celebrating with our community at Mississippi Aquarium and thank you for your support.

Mississippi Aquarium is a 501(c)(3) organization.
