2. Implement this legislative policy by amending the San Diego Municipal Code to add Section 22.0908 to Chap. 2, Art. 2, Div. 9.

B. Findings. The People find, declare, and reason as follows:

1. The People of the City of San Diego desire to authorize and direct the sale of the Existing Stadium Site to SDSU, but only if such sale is at such price and upon such terms as the City Council shall deem to be fair and equitable.
2. In arriving at the Fair Market Value, the City may fairly consider various factors, adjustments, deductions, and equities including, but not limited to: the costs for demolition, dismantling, and removal of the Existing Stadium; the costs associated with addressing current flooding concerns; the costs of existing contamination; the costs for revitalizing and restoring the adjacent River Park and the costs of avoiding, minimizing, and mitigating impacts to biota and riparian habitat.
3. The People of the City of San Diego desire the Existing Stadium Site to be comprehensively planned through an SDSU Campus Master Plan revision process, which

process shall require full compliance with the California Environmental Quality Act (CEQA; Pub. Resources Code, commencing with section 21000), the State CEQA Guidelines (14 Cal. Code Regs., commencing with section 15000), Government Code section 65451, subdivision (a), and Education Code section 67504, subdivisions (c) and (d), along with ample opportunities for public participation, including input from the Mission Valley Planning Group and other key stakeholder groups.

4. The People of the City of San Diego also desire that the above comprehensive SDSU Campus Master Plan comply with the content requirements of a Specific Plan prepared pursuant to California Government Code section 65451, subdivision (a), which provides that “[a] specific plan shall include a text and a diagram or diagrams which specify all of the following in detail: (1) The distribution, location, and extent of the uses of land, including open space, within the area covered by the plan[,] (2) The proposed distribution, location, and extent and intensity of major components of public and private transportation, sewage, water, drainage, solid waste disposal, energy, and other essential facilities proposed to be located within the area covered by the plan and needed to support the land uses described in the plan[,] (3) Standards and criteria by which development will proceed, and standards for the conservation, development, and utilization of natural resources, where applicable[,] (4) A program of implementation measures including regulations, programs, public works projects, and financing measures necessary to carry out paragraphs (1), (2), and (3).”
5. The above environmental commitment, required during the SDSU Campus Master Plan revision process, includes the CEQA requirement for SDSU to take steps to reach agreements with the City and other public agencies regarding the payment of fair-share mitigation costs for any identified off-site significant impacts related to campus growth and development associated with the Existing Stadium Site. Pursuant to CEQA, such steps shall include at least two publicly noticed environmental impact report (EIR) scoping meetings; preparation of an EIR with all feasible alternatives and mitigation measures; allowance for a 60-day public comment period on the Draft EIR; preparation of written responses to public comments to be included in the Final EIR; and, a noticed public hearing.
6. The People of the City of San Diego desire to exercise their reserved power of initiative under the California Constitution and the City Charter to sell the Existing Stadium Site to SDSU and amend the San Diego Municipal Code to implement such sale to another public agency for Bona Fide Public Purposes, as set forth in Section 2.A., Purpose and Intent, above. The People find that such purposes also constitute bona fide governmental purposes under City Charter section 221.
7. The People of the City of San Diego desire revitalization and restoration of the San Diego River Park south of the Existing Stadium Site as envisioned by past community planning efforts so as to integrate the Mission Valley’s urban setting with the natural environment; and incorporate active and passive park uses, 8- to 10-foot wide linear walking and biking trails; a river buffer of native vegetation and measures to mitigate drainage impacts and ensure compliance with water quality standards; and said River Park improvements be made at no cost to the City General Fund and completed not later than seven years from the date of execution of the sales agreement.
8. The People of the City of San Diego also desire the reservation and improvement of an additional minimum of 22 acres within the Existing Stadium Site as publicly-accessible active recreation space.
9. The People of the City of San Diego desire a Joint Use Stadium, comprised of

approximately 35,000 seats for SDSU football, Potential Sports Partners, and the community's use year-round; and capable of accommodating the growth of the SDSU Division 1 football program, and the inclusion of other Potential Sports Partners, including but not limited to professional, premier, or MLS soccer and adaptable for the NFL. The construction of the Joint Use Stadium shall be completed not later than seven years from the date of execution of the sales agreement. The People of the City of San Diego also desire the new Joint Use Stadium to have adjacent and convenient parking and include all the amenities expected of a sports stadium – proximity to campus and trolley access, an intimate fan-experience design, enhanced game-day experience for fans, premium seating, access to technology, community gathering areas, local foods and beverages, positive impact on athlete and student recruitment, positive economic impact on the San Diego community, and the ability to attract other events due to expanded capacity and functionality.

10. The People of the City of San Diego desire that the City not pay for any stadium rehabilitation costs, stadium demolition or removal costs, stadium cost overruns, Joint Use Stadium operating costs, Joint Use Stadium maintenance, or Joint Use Stadium capital improvement expenses; and that the City be reimbursed for reasonable costs incurred by the City in providing public safety and traffic management-related activities for games or other events at the Existing Stadium Site.
11. The People of the City of San Diego seek to encourage the daily and efficient use of the existing underutilized Metropolitan Transit System's Green Line transit station, accommodate the planned Purple Line transit station, and provide an enhanced pedestrian connection to the existing light rail transit center, all of which are located proximate to the City's regional public transportation network.
12. The People of the City of San Diego desire the reuse of the Existing Stadium Site to comply with the City's development impact fee requirements, its housing impact fees/affordable housing requirements, and its greenhouse gas (GHG) emission reduction goals. Further, the People desire that the Existing Stadium Site focus growth into mixed-use activity areas that are pedestrian-friendly and linked to improved regional transportation systems; draw upon the character and strengths of the City's natural environment, neighborhoods, commercial centers, institutions, and employment centers; and sustain the long-term economic, environmental, and social health of the City and its many communities.
13. Since its founding in 1897, SDSU has grown from a small teacher's college into a national research university of approximately 35,000 students enrolled in bachelor's, master's and doctoral programs, and has engaged the entire San Diego region through SDSU's education, arts, cultural, and athletics events. For the past 120 years, SDSU has become a critical component to the region's higher education system, and has supported the City's growth by offering first class education, training, leadership, and employment to residents of the City and regionally. SDSU contributes an estimated \$2.4 billion annually to the San Diego City economy through approximately 35,000 students, about 9,000 university and auxiliary employees, and nearly 240,000 local alumni. As San Diego continues to progress, the growth of SDSU will assist the region in creating and preparing a qualified and job-ready workforce for the region's industries, providing employment opportunities for a highly trained and educated workforce, and promoting the City as a great place to live and work.
14. The Mission Valley Terminal, a petroleum fuel distribution facility, located north of the Existing Stadium Site, has had historical accidental releases of petroleum from its fuel

supply operations, and those operations have contaminated soil and groundwater on- and off-site. The City has entered into settlement agreements with certain adjacent landowners to address the contamination, and these agreements govern the allocation of costs for mitigation or remediation work on, under, or in the vicinity of the Existing Stadium Site and San Diego River Park. This Initiative will not alter any obligations under existing settlement agreements that pertain to the Existing Stadium Site and the San Diego River Park.

15. All proceeds received by the City from the sale contemplated by this Initiative shall be allocated and deposited as required by law.
16. Nothing in this Initiative is intended to limit the financing mechanisms available to SDSU to acquire the Existing Stadium Site, or to proceed with any component or phase of development if the sale contemplated herein is consummated. SDSU-private partnerships also are contemplated to realize the public purposes and benefits described in this Initiative.
17. This Initiative will not raise or impose any new or additional taxes on City residents. To the contrary, this Initiative adopts an innovative legislative policy authorizing the sale of the Existing Stadium Site to a public agency for Bona Fide Public Purposes, and implements this delegated authorization by amending the San Diego Municipal Code.
18. The provisions and mandates set forth in this Initiative for the sale of the Existing Stadium Site to SDSU, and its other related provisions, are independent of, and shall not be subject to, any previously enacted city ordinance or resolution pertaining to the sale of property owned or controlled by the city, including but not limited to Sections 22.0902 (sales of real property), 22.0903, and 22.0907 (sales of real property to public agencies) of the San Diego Municipal Code.
19. This Initiative does not adopt or amend any zoning ordinance or any other similar document (e.g., a general plan, community plan, specific plan, or development agreement) that would (a) convert any discretionary land use approval to a ministerial approval, (b) change the zoning classification on any parcel or parcels covered by the Initiative to a more intensive classification, or (c) authorize more intensive land uses within an existing zoning district.
20. Accordingly, implementing the Initiative will protect the public health, safety, and welfare, and enhance the quality of life for the People of the City of San Diego.

- (aa) The sale of the Existing Stadium Site to SDSU, and its other related provisions, shall be independent of, and shall not be subject to, any previously enacted City ordinance or resolution pertaining to the sale of property owned or controlled by the City, including but not limited to Sections 22.0902 (sales of real property), 22.0903, and 22.0907 (sales of real property to public agencies) of the San Diego Municipal Code.

SECTION 4. Implementation of Initiative.

- A. Upon the effective date of this Initiative, the City of San Diego is directed to promptly take all appropriate actions needed to implement this Initiative. This Initiative is considered adopted and effective upon the earliest date legally possible after the City Council adopts this Initiative, or the Elections Official certifies the vote on this Initiative by the voters of the City of San Diego, whichever occurs earlier.
- B. Upon the effective date of this Initiative, the provisions of Section 3 are hereby inserted into the San Diego Municipal Code without alteration.

SECTION 5. Effect of Other Measures on the Same Ballot.

In approving this Initiative, the People of the City of San Diego hereby establishes a new legislative policy and authorizes, mandates, and directs the sale of the Existing Stadium Site to SDSU for Bona Fide Public Purposes that will then facilitate creation of a SDSU Campus Master Plan to govern the future use and development of the Existing Stadium Site. To ensure this intent is not frustrated, this Initiative is presented to the voters with the express intent that it will compete with any and all voter initiatives or City-sponsored measures placed on the same ballot as this Initiative and which, if

approved, would regulate the use or development of the Existing Stadium Site in any manner or in any part whatsoever (each, a "Conflicting Initiative"). In the event that this Initiative and one or more Conflicting Initiatives are adopted by the voters in the same election, then it is the voters' intent that only that measure that receives the greatest number of affirmative votes shall control in its entirety and said other measure or measures shall be rendered void and without any legal effect. In no event shall this Initiative be interpreted in a manner that would permit its operation in conjunction with the non-conflicting provisions of any Conflicting Initiative. If this Initiative is approved by the voters but superseded by law in whole or in part by any other Conflicting Initiative approved by the voters at the same election, and such Conflicting Initiative is later held invalid, this Initiative shall be self-executing and given immediate effect and full force of law.

SECTION 6. Interpretation and Severability.

- A. This Initiative shall be interpreted so as to be consistent with all federal and state laws, rules, and regulations. If any section, sub-section, sentence, clause, phrase, part, or portion of this Initiative is held to be invalid or unconstitutional by a final judgment of a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Initiative. The People of the City of San Diego declare that this Initiative, and each section, sub-section, sentence, clause, phrase, part, or portion thereof, would have been adopted or passed irrespective of the fact that any one or more sections, sub-sections, sentences, clauses, phrases, parts, or portions are found to be invalid. If any provision of this Initiative is held invalid as applied to any person or circumstance, such invalidity shall not affect any application of this Initiative that can be given effect without the invalid application.
- B. This Initiative does not alter any City obligations under existing settlement agreements that pertain to the Existing Stadium Site.
- C. If any portion of this Initiative is held by a court of competent jurisdiction to be invalid, the People of the City of San Diego express the strong desire that: (i) the City Council use its best efforts to sustain and re-enact that portion; and (ii) the City Council implement this Initiative by taking all steps possible to cure any inadequacies or deficiencies identified by the court in a manner consistent with the express and implied intent of this Initiative, including adopting or reenacting any such portion in a manner consistent with the purpose, intent, and findings of this Initiative.
- D. This Initiative shall be broadly construed in order to achieve the purpose, intent, and findings stated above. It is the intent of the People of the City of San Diego that the provisions of this Initiative be interpreted or implemented by the City and others in a manner that facilitates the purpose, intent, and findings set forth in this Initiative.

SECTION 7. Amendment.

- A. On or after the 20th Anniversary of the adoption of this Initiative, a vote of the people shall not be required to amend or repeal any portion of this Initiative, and this Initiative and the Amendments that it adopts, including all exhibits thereto, may be amended or repealed by any procedure otherwise authorized by law.
- B. Any amendments to this Initiative shall not impair the contractual rights or vested rights conferred by a lease and option agreement or any associated development agreement.
