

Pee One - single urinal on wheels

Mobile urinal...easily positioned

This purpose-built urinal is the perfect product to provide a solution across a range of applications. Whether you need to supply a urinal on a high-rise building when the main toilets are many storeys below, provide a nearby solution for care home occupants or position strategically at events to reduce waiting times for toilets etc...**use the Pee One.**

Standalone use

Easy to position and move

Applications

- High rise construction sites
- Care homes
- Beer gardens / stag parties
- Leisure events
- Campsites and festivals (reduce toilet cubicle queues)

Features

- A single urinal with high sides for screening
- Inbuilt grip (rear) and wheels make this urinal easy to position, set up and move to be emptied
- Two options to empty (via urinal bowl & rear plug)
- 11 gallon / 50 litre capacity
- 227 uses at an average of .22 litres (1/2 pint) per visit

Operation:

Position where required. Full units can be emptied through the bowl by a portable toilet service company, or users can empty the unit to a suitable foul sewer using the inbuilt drain plug at the rear of the unit.
