

EQUALITY HEALTH NETWORK

Welcome to Equality Health Network, Texas!

Lone Star Traits...

Determined. Spirited. Independent.

Find out how we're helping physician practices stay Texan.

EQUALITY
HEALTH
NETWORK

Building the New Culture of Care.

equalityhealth.com/Texas

“Equality Health is the first to work with us on a performance contract for Medicaid. We make sure we perform on all of the measures for all of our patients across all of our lines of business — Medicare, commercial, and Medicaid. We believe our patients are healthier because of this.”

– Practice Manager, Pinnacle Health

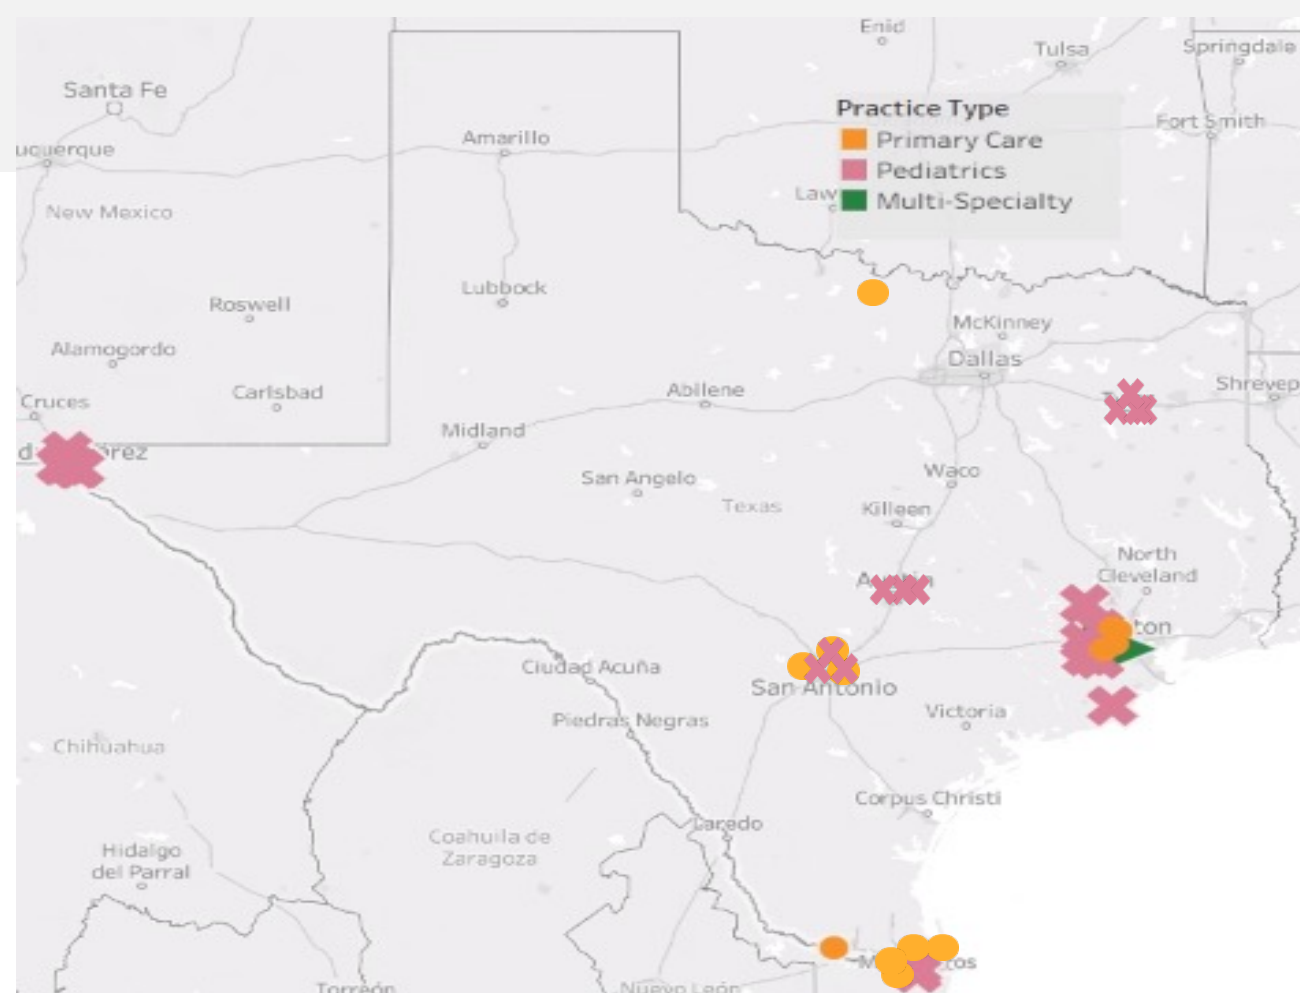

“We are thrilled with the unprecedented provider network growth we’ve seen in Texas in a short period of time.”

Craig Gaites
President, Texas Market
Equality Health

Equality Health Network Texas as of February 2022

“I owe it to my entire care team. To my chaplain who makes me laugh and takes the time to really listen to me. To Tina, my community health worker who cares so much about me. To my doctor and all my specialists. I’m so thankful and blessed to have a whole community of people who care.

– JB, Equality Health Member

Equality Health Care Team

“It was an incredible
and beautiful experience
that we will never forget!”

– Enrique, Equality Health Member

Equality Health deploys a whole-person care model to advance value-based care across independent networks and diverse populations

We partner with health plans to move independent providers into **value and risk-based payment models**.

We deploy **practice-facing technology** and **hands-on support** to optimize practice performance.

We augment network performance with a proven set of **direct-to-member** clinical interventions.

Health plans partner with Equality Health to incentivize, educate and integrate providers to improve quality & reduce per-capita cost of care

“I didn’t think anybody cared about me. I live alone and nobody ever calls me. When Rev. Tellez came to my house and spoke with me, I felt like a weight was off my shoulders. And I feel hopeful.

– George, Equality Health Member
