

# Core Administrative and Clinical Services Powered by Modern Technology

## TECHNOLOGY & SERVICES PURPOSE BUILT FOR GOVERNMENT PROGRAM ADMINISTRATION

Evolent Health Services provides modern administrative and clinical capabilities along with managed services to health plans and risk-bearing organizations. We drive operational efficiency through higher levels of automation, enhance member engagement using a modern, fully integrated end-to-end platform, and leverage AI to convert data into actionable insights.

## REDUCE MEDICAL SPEND AND ADMINISTRATIVE COSTS WHILE IMPROVING QUALITY AND MEMBER SATISFACTION

Evolent's 20+ years of health plan expertise, combined with our unparalleled digital platform, enables health plans to reduce MLR and ALR while simultaneously achieving accelerated growth.
