Call Rules

Questions or issues with call should be brought to the attention of the clerkship staff as soon as possible.

Call Definitions:

DAY CALL:

The day begins in the morning at 7:00 a.m. and call ends at 6:30 p.m. when the NIGHT team arrives. The goal of call: EVALUATE NEW patients. It may be beneficial to stay past 6:30p.m. if you have had NO evals during the day, but you must leave by 9 p.m.

NIGHT CALL:

The shift begins at 6:30 p.m. at the same time the night resident arrives. The post call student may leave the hospital after rounds are completed, usually around 11:30 a.m. This time will vary.

WEEKEND:

DAY weekend call begins at 7:00 a.m. and goes until 6:30 p.m. or later if there is ongoing work being done. Night weekend call begins at 6:30 p.m. and goes until rounds are completed, usually around 11:30 a.m.

Attire:

You are welcome to wear scrubs when on call days. No scrubs should be worn outside of the hospital or in the private offices.

Options:

While on call, if the admitting team is inactive or if there are multiple students on call and one student is without an admission, consider calling the ICU team / CCU team / Floor intern 1, 2 or 3 and look for active learning experiences while on call. THIS ROTATION IS ONLY AS GOOD AS YOU MAKE IT!

When the resident says, “You can go ahead and go home” or “You can go to bed now” - the resident actually means- “I am tired of having to teach and be responsible for you” or “I feel bad for keeping you up late” - If I was the student, I would not allow myself and my role to be diminished in this way. I would prove to the resident that I can be of assistance, I can get good work done, that they don’t want to be without me.

Please note that every student must round on Saturday or Sunday when on Med Team unless specifically approved by the Clerkship Director / cannot take both Saturday and Sunday off based on the resident telling them it is okay. Each student should take one day off per weekend.
