SALEM REGIONAL MEDICAL CENTER

-FOR IMMEDIATE RELEASE-

SRMC Offers Covid-19 Vaccines on April 14

(SALEM, OHIO) – April 8, 2021 – Salem Regional Medical Center (SRMC) is announcing a free, by appointment only COVID-19 vaccine clinic on Wednesday, April 14 starting at 8 a.m. The Moderna COVID-19 vaccine will be administered by appointment only to individuals age 18 and over.

How To Register:
Phone: Those who are 18 and over should call SRMC's COVID-19 vaccine registration line at 330-332-7511. In order to be eligible to receive an appointment, callers must provide their name, phone number and birthdate. All vaccine recipients must be age 18 and older.

Online: Vaccine appointments can be requested online for the April 14 clinic or future clinics by accessing SRMC's website at https://www.salemregional.com/coronavirus-information. Users must complete the COVID-19 Vaccine Schedule Request form and click "submit request." All vaccine recipients must be age 18 and older.

Those eligible to receive a vaccine will be called back to schedule an appointment as long as there are still available openings. Once the vaccine appointments are filled, no more requests will be accepted for the vaccine clinic on April 14, and no walk-in vaccinations will be given. Note: There is no charge to receive this COVID-19 vaccination.

Where To Go: SRMC's Vaccine Clinic will be located on the ground floor of the Hospital, which is located at 1995 East State Street in Salem. Those with scheduled appointments should enter the campus from East Pershing Street and park in the Surgery Center lot. Participants should then enter the building through the Surgery Center entrance and will be asked to provide a government-issued ID upon arrival.

Second Dose: The Moderna vaccine requires a second dose approximately 28 days after the first dose. More information will be provided at the SRMC Vaccine Clinic about scheduling.
