Rejected visa applications will incur costs related to the application process.

If you are not in the United Arab Emirates, Speak English Institute is able to provide you with a sponsored student visa, enabling you to study and reside in the UAE. Sponsorship from Speak English Institute is under the DMCC free zone (Dubai Multi Commodity Centre).

Speak English Institute can only provide sponsored student visas to students who enrol on a morning General English for a minimum of 12 weeks. If students enrol on a course which is less than 12 weeks, Speak English Institute can help with the application for short-term visit visas.

The visa application process starts once you have booked and paid for your English programme. To apply for visa sponsorship, you will need to complete our online visa application form

## Can I work on student visa?

Unfortunately the UAE law does not allow students to work on a student visa. However, it is possible to look for internships. Speak English Institute does not currently help with finding internships but we are actively working on finding partners who will provide internships to our students.

## What happens at the end of my course?

During your time in Dubai, Speak English Institute will be your sponsor. Under UAE laws, this means that the school is responsible for you during your stay. Therefore, you are only allowed to keep your visa with us for the period of your studies plus the holiday allowance (30 days). Once your course is finished, you must arrange your return flights, change visa status, or extend your course with Speak English Institute.
