2023 Windgate-Lamar Fellowship Awards

Since 2006 the Windgate-Lamar Fellowship annually awards $15,000 to 10 undergraduate seniors across the United States who demonstrate exemplary skill in craft - one of the largest awards offered nationally to art students. This prestigious award program is widely known for being a catalyst for the next generation of craft artists - those whose work is informed by the process, material, traditions, or sensibilities of craft.

Now in its seventeenth year, the Center for Craft’s Windgate-Lamar Fellowship marks $2.5 million awarded to 170 emerging craft artists nationwide. Nominated from a national network of 100+ university art programs, these makers represent a skilled and motivated next generation for craft.

“The Windgate-Lamar Fellowship provides critical financial support as a bridge between college and graduate school or life as a working artist,” says Stephanie Moore, Executive Director. “The Fellowship instills confidence and fosters bravery to take risks and the chance to seek and engage in career-enhancing opportunities.” The results of such early support are already beginning to emerge. Today, Windgate-Lamar Fellows hold full-time faculty positions, are accepted into nationally renowned residence programs, mount solo shows, and establish successful studios. Over half have gone on to earn a Master of Fine Arts degree. Their work can be seen in nationally traveling exhibitions, represented in galleries, and published in periodicals such as American Craft. Supporting the next generation is one of the Center for Craft’s main focus areas identified to build a thriving national craft field.
