I forgot to tell you that there was a person in front of Grace at the exchange booth. That person was trying to exchange \$68.75 from United States money into Canadian.

"That will be \$75.63 in Canadian," said the lady working at the booth.

What coins and bills do you think she gave the person? It has to total \$75.63 in Canadian.

Canada has six types of coins: 5¢, 10¢, 25¢, 50¢, \$1, and \$2.

Canada also has bills that are issued in \$5, \$10, \$20, \$50, and \$100 denominations.
