

Welcome to welbi!

We're incredibly excited for you and your team to get started with Welbi. Over the coming weeks, Welbi will allow V!VA Retirement Communities' lifestyle team to deliver exceptional, personalized experiences to residents.

Welbi for Residents

Welbi is designed to enrich the lives of each resident by empowering lifestyle teams to provide exceptional, personalized experiences through cutting-edge technology.

✓ Personalize Lifestyle Programming For Each Resident

Welbi's centralized lifestyle data platform gives staff at V!VA Retirement Communities the tools to understand the unique interests, hobbies, and needs of each resident so they can deliver personalized, meaningful and engaging programs.

✓ Ensure No Resident is Socially Isolated

We understand how damaging social isolation can be to one's health. Welbi's intuitive documentation and attendance tracking helps V!VA Retirement Communities' lifestyle staff stay on top of each resident's participation. Staff are proactively alerted if a resident is in need of engagement, to ensure social isolation doesn't occur at V!VA Retirement Communities.

✓ Connect With Residents on a 1-on-1 Basis

Now more than ever, it's critical for senior living communities to be able to schedule, run, and measure the success of 1-on-1 activities with residents. With Welbi, V!VA Retirement Communities' lifestyle team can easily and consistently deliver 1-on-1 visits with residents that are engaging and tailored to them.
