

Love Like Fire // BJ Putnam

Verse 1

**What mercy divine has paid the price
Who died in my shame and gave me life
Your love like a fire has taken hold
'Cause I'm claimed by the cross forevermore**

Pre-Chorus

**I was Yours
The moment You called me Yours
When You laid down Your life for all
And You rose from the grave
When death was defeated by love**

Chorus

**Love like fire
Love like fire
Love like fire
Has taken hold of me**

Verse 2

**Alive in Your grace for all to see
My life now to show Your love in me
No mountain I face can stand against
'Cause I'm held by Your love that won't relent**

Bridge

**Your love won it all
Your love won it all for me
For me
Your love won it all
Your love won it all for me
Love like fire**
