Affinity Dining Table

Elegant round dining table with a linoleum top and a warm, relevant design. The metal underframe lends the Affinity Table Round an elegant lightness, accentuated by the floating appearance of the table top. The natural linoleum means the table top is pleasant to the touch. That warm tactile expression is further underpinned by the fact that the upper part of the table legs is wrapped in flat cane. It is an elegant natural detail that contrasts beautifully with the rigid underframe and the classic character of the table and its reference to Scandinavian design tradition. Choose from several beautiful, balanced colours from the Warm Nordic universe.
