Mr Olsen 2 seater

Mr Olsen sofa was designed in 1958 by the architect Hans Olsen. Mr Olsen is both slender and organic with a lightness that is unusual by comparison with other design classics of the period. Mr Olsen's special elegance derives particularly from the soft shapes of the sofa's armrests and the round, tapered legs. The sofa was a part of the 800 range and is the architect's personal take on the classic sofa. An armchair is also available in the same consummate design.

The sofa is available both in a classic leather version and a textile version in a variation of fabrics, including velvet.
