

TAKE YOUR BUSINESS PLANNING TO THE NEXT LEVEL WITH S&OP.

Introducing the: QUICK-START S&OP PACKAGE

A CONNECTED ENTERPRISE FOR SUCCESS

Our supply chain experts have created a dynamic, quick-start S&OP package that delivers the power of Anaplan with less time and investment.

Align your organization to make strategic decisions and meet goals throughout your key departments easily.

S&OP STARTER PACK

The starter pack has the essential tools that your organization needs to begin an integrated business planning process.

From market opportunities and customer satisfaction, to risks and operational efficiencies, Anaplan is a solution that gives your organization a full picture of your business, while connecting your key departments for essential planning and decision making.

QUICK TIME TO VALUE

With the S&OP sales package, you receive a customizable Anaplan model that eliminates weeks from the implementation process, and lowers the need for resources.

ALL THE POWER OF ANAPLAN

Your organization gets the power of Anaplan's cloud-based technology, fast processing, and real-time analysis in a scalable, quick-start application.

BUILT WITH BEST PRACTICES

Our application is built by industry experts that specialize in transforming organizations to deploy best practices and process standardization for rapid results and ROI.

YOUR COMPETITIVE ADVANTAGE IS HERE.
