*'Be wise, together we
succeed'*

10th March 2021

Dear Parents and Carers,

Welcome back!. In the Summer term of Year 4, we will be learning about our new project "All Lives are Worth Living". This topic will allow the children to delve into science classification and learn all about different types of animals, what they need to survive and their position within a food chain.

As an enrichment morning for the children, we have invited in "Zoo lab". This is a company who specialise in bringing in real life insects and animals. The children may be able to handle the animals (depending on Covid restrictions) and then create their own beast! This enrichment activity has been specifically chosen for children to gain a deeper understanding of the characteristics and classification of animals.

This experience morning will be on **Tuesday 20th April 2021** for Year 4 children and we kindly ask for a voluntary contribution of £4.75, by 1st April, to help us provide such fantastic and memorable experiences. The event will happen in school and the children will need to bring nothing other than themselves and a curious and enthusiastic attitude!

We have been waiting to see if Covid restrictions allowed this visit to go ahead and are pleased to say that it can. This does however mean that we haven't been able to give you as much notice for payment as we would usually like to do. Please speak to the school office, in confidence, if making payment will be difficult.

There is an online payment system in place for payment towards this activity. If you haven't yet registered please contact the office who will arrange for a registration letter to be sent to you.

As always, we thank you for the continued support of the school.

Yours sincerely

The Year 4 Team

Zoo Lab Experience Year 4

Child's name _____ Child's class _____

I give permission for my child to take part in this activity and have paid online for the Zoo Lab Experience on 20th April 2021

Name _____ Signed _____
