*'Be wise, together we  
succeed'*

Dear Parents and Carers,

With technology and the online world becoming a bigger part of our lives than ever before, it is vital that young people are equipped with the skills and knowledge to stay safe online. One of the most effective ways of doing this, is by schools, parents and carers working together to communicate key internet safety information regularly.

That's why we are thrilled to announce that we are taking a proactive approach to keeping our students safe online, and are working with OpenView Education to deliver an Internet Safety Training for all of our parents and carers.

We will send you details of how to access the training securely via text message, so please look out for this and then please keep this information safe and do not share it with anyone outside the school.

OpenView Education specialise in internet safety training, their sessions are engaging and accessible for everyone.

This completely practical, non-technical training will provide you with the essential information you need for keeping your young people safe online.

You will learn what you need to know about internet safety and gain access to new resources and strategies to help make your home a safe online space.

Topics include:

- Parental Controls.
- Social Media & YouTube
- Online Games.
- Cyberbullying.
- Grooming and Child Exploitation.
- Creating a Family Agreement.

**Please note, this workshop is not suitable for children** and is for Parents and Carers only.

At the end of the training, you will be able to download OpenView Education's Free E-Book: Keeping Children Safe Online, this includes all of the information covered in the training, along with direct links to all of the resources mentioned.

This is a fantastic opportunity to learn important information about keeping your young people safe online.

If you have any questions about the training you can get in touch with the school directly or find out more at [www.openvieweducation.co.uk/internet-safety-training](http://www.openvieweducation.co.uk/internet-safety-training).

Yours faithfully

Mrs A Sidey
