

# Positively Delicious (gluten friendly) Ingredients

---

## 1. What at Starbird is safe for people that are gluten intolerant? For those with Celiac?

The following are safe for guests with gluten allergies as well as guests with Celiac Disease.

- **All Tender boxes** (this includes our chicken, fries, slaw and all sauces)
- **All Tacos** when ordered with corn tortillas
- **Green Goddess Cobb Salad**
- **Individual Tenders**
- **Individual Fillets**
- **Fries**
- **Super Slaw**
- **Lettuce Wrapped Sandwiches**

## 2. How is Starbird gluten friendly? How can we be sure?

**Our Chicken:** To produce our positively delicious chicken, we use gluten free Tamari brine, gluten free rice flour, gluten free flour & spices and finish the chicken in non-GMO rice bran oil.

**Our Oil:** Our oil has been tested by Merieux NutriSciences Laboratory right here in Northern California (see back of sheet for details). Although we do cook churros in the same oil as our fries, we were able to confirm our non-GMO rice bran oil is less than 5 ppm (parts per million) gluten. Under 20 ppm is considered safe to consume for those with celiac. The churros we are cooking do not contaminate the oil enough to affect other products.
