Come live the Vanguard experience!

Our mission: To provide educational services adapted to students with severe learning disabilities (dyslexia, dysorthography, developmental language disorder) for the elementary or secondary level and in the French or English sectors.

Our team: Is made up of special education teachers, remedial teachers, speech therapists, psychologists and special care counsellors who work daily with our clientele of students with severe learning disabilities.

Our DNA: Vanguard Expertise
Our strength: Team spirit!
Our results: The success of our students.

Your role:

- You will work in a team of 9 speech therapists.
- You will contribute to the screening and evaluation of students experiencing difficulties, with a view to prevention and intervention;
- You will participate with the multidisciplinary team in the development and revision of the student's intervention plan by integrating the treatment and intervention plan in speech therapy;
- You will collaborate with the other team members in coordinating interventions, and in evaluating the achievement of objectives.
- You will work with students or groups of students with specific problems in order to facilitate their learning and social integration.
- You will advise and support the teachers by explaining the nature of the student's communication difficulties so that he she can adapt his/her teaching and the educational material used.

École | School
