

With just a standard 14 degree, 1/2" dovetail router bit, you can route your own tracks for jigs and fixtures all over your workshop. MATCHFIT Dovetail Hardware fits in the groove below the material surface, allowing you to create a variety of jigs that move freely and tighten down anywhere you can route a groove.

### Package Contents - Includes the following Dovetail Hardware:

- A**  **4X** DV-HL6 - Female Dovetail Track Screws
- B**  **4X** GR-H29 - 10-32 x 0.75 Panhead Screw
- C**  **4X** GR-H1 - #10 Flat Washer

### HASSLE-FREE SHOP FIXTURE ASSEMBLY

Female dovetail track screws allow for easy assembly of permanent shop fixtures. They are compatible with 10-32 screws of any length, and install below the material for a secure, flat work surface.

### MAXIMIZE YOUR SPACE

Get the most out of your shop storage with adjustable shelving. Rather than shelf pins confined to a fixed location, dovetail tracks allow you to adjust shelf supports to any position so you don't waste an inch of space.

### ALSO AVAILABLE MATCHFIT DOVETAIL ROUTER BIT.

The MATCHFIT Dovetail Router Bit is specially designed for MATCHFIT Dovetail Hardware and Dovetail Clamps. Its unique profile automatically rounds over the sharp top shoulders, cutting incredibly clean grooves in a single pass. Experience the difference supreme engineering and attention to detail make.
