

# Training, Coaching and Local Implementation Demonstrations

Heather Peshak George, Ph.D.

*October 2, 2019*

SCT Pre-Conference Meeting: Chicago, IL

**(Items #6, 7, 9)**

- **Implementation** - "a specified set of activities designed to put into practice an activity or program of known dimensions"

*(Fixsen, Naoom, Blase, Friedman, & Wallace, 2005, p.5)*

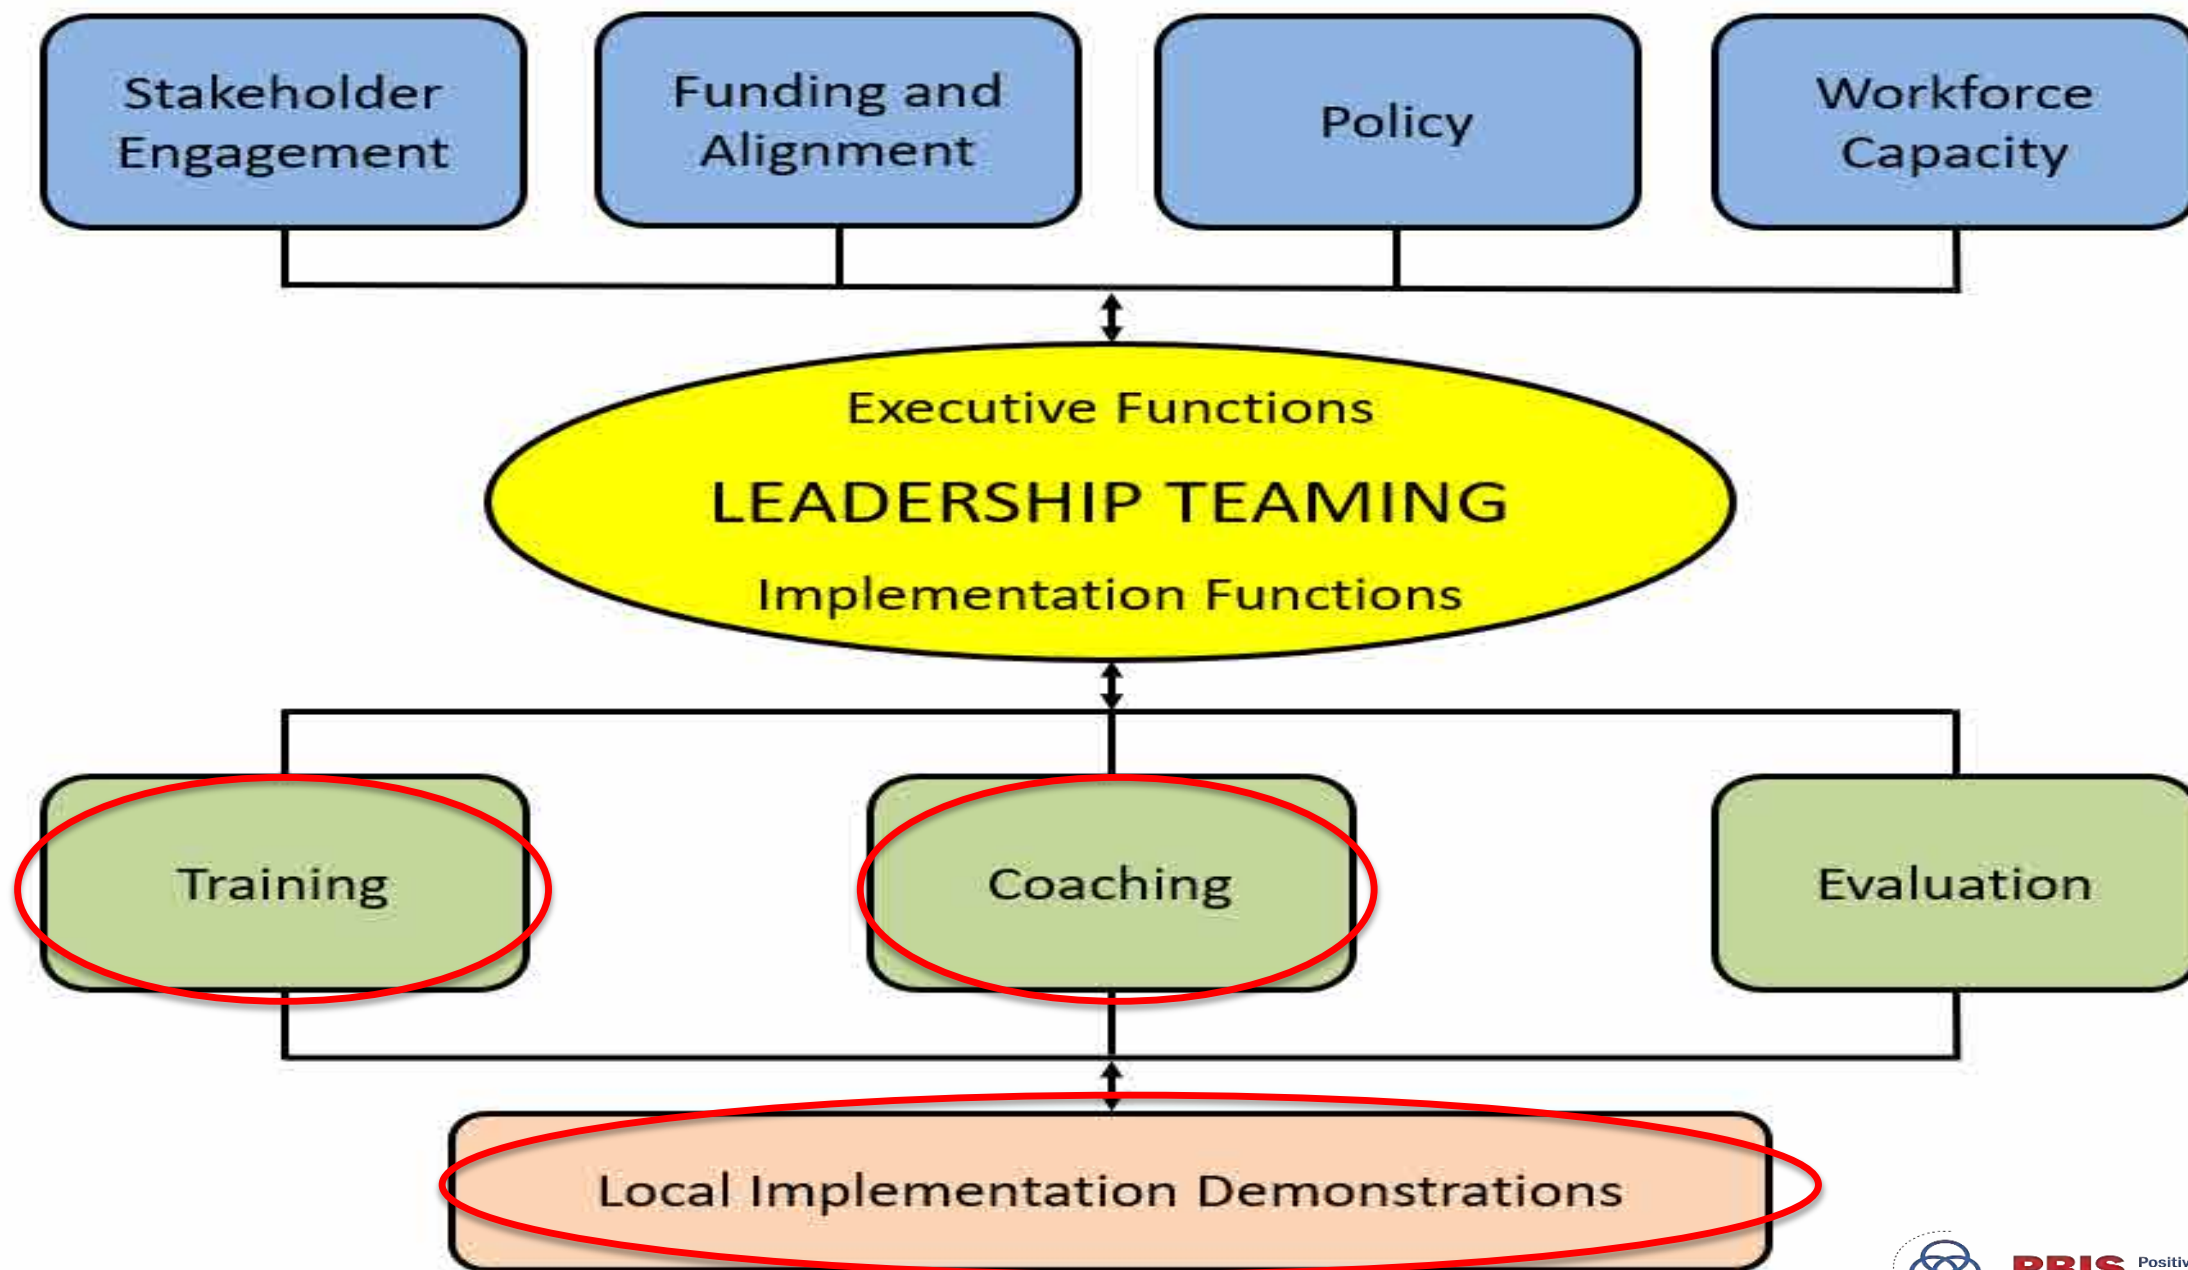

- **Systems** - the structures and supports leadership teams provide to enhance implementation of evidence-based practices with fidelity

Is a clear **priority** is communicated?

Is access to **resources** provided?

Has **alignment & integration** occurred?

Do you have a **data-based plan** that informs practice?

**What** *practices do you want implemented?*

**Where** *are the practices implemented?*

**Who** *are your implementation supporters?*

**How** *will you deliver and support implementation?*

**When** *will you identify/showcase effective implementers?*

*(adapted from Fixsen, Naoom, Blasé, Friedman & Wallace, 2005, p. 12)*

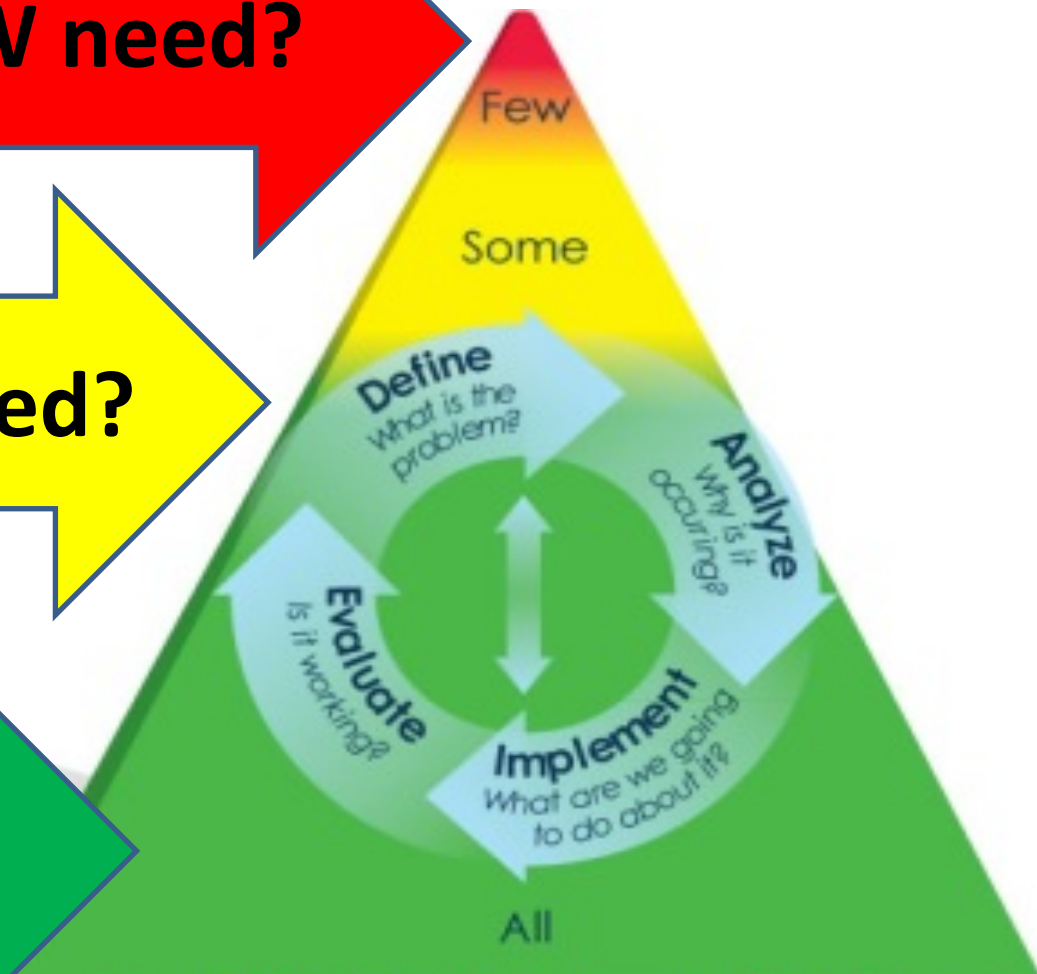

When  
thinking  
about your  
districts and  
schools...

**What do FEW need?**

**What do SOME need?**

**What do ALL need?**

**PBIS**

**TRAINING**

# Training

- **6.1 Professional Development Plans and Calendar**
  - Dedicated professional development time and training plans (with clear scope and sequence) are scheduled for PBIS implementation, and events are publicly posted to define and shape the goals and process of implementing PBIS (e.g., state-wide training calendar).
- **6.2 Training Focus and Alignment**
  - Training materials and practices emphasize core PBIS features (outcomes, data, systems, and practices) in a manner that is (a) consistent with principles of behavioral science, (b) adapted based on culture and context, and (c) aligned with other relevant initiatives to support a wide range of student social-emotional-behavioral needs within a PBIS framework.

# Training

- **6.3 Orientation Training Materials**

- Orientation descriptions and presentations (e.g., 1-page overview, video, website) are developed for describing implementation rationale, process, outcomes, and readiness requirements for state, district, and school-level implementation.

- **6.4 Ongoing Professional Development**

- Training descriptions and materials (e.g., workbooks, power points, videos) are developed to provide in-depth and sustained team-based professional development on implementing, sustaining, and scaling the PBIS framework.

- **6.5 Behavioral Science Expertise**

- Training and mentoring in behavioral science (e.g., behavior coursework, intensive behavior institute) is available across roles of staff (e.g., trainers, coaches, specialized personnel).

**PBIS**

Positive Behavioral  
Interventions & Supports  
OSEP TECHNICAL ASSISTANCE CENTER

# Training

- **6.6 Communities of Practice**

- Leadership Team establishes or provides access to regular PBIS peer networking opportunities (e.g., peer-to-peer sharing events, professional learning communities) on selected topics (e.g., high schools, equity) for state/district/school leaders, PBIS coaches, and teams.

- **6.7 Internal Training Capacity**

- State has established internal training capacity (e.g., core group identified and supported in leading efforts) to implement and sustain PBIS.

# U.S. Schools Using PBIS

# Schools Reporting PBIS Fidelity

*August 2019*

# Schools Implementing Tier 1 PBIS with Fidelity

August 2019

## Improved Student Outcomes

academic performance

*(Horner et al., 2009)*

social-emotional competence

*(Bradshaw, Waasdorp, & Leaf, 2012)*

social & academic outcomes for SWD

*(Lewis, 2017; Tobin, Horner, Vincent, & Swain-Bradway, 2012)*

reduced bullying behaviors

*(Ross & Horner, 2009; Waasdorp, Bradshaw, & Leaf, 2012)*

decreased rates of student-reported  
drug/alcohol abuse

*(Bas\*able, Kittelman, McIntosh, & Hoselton, 2015; Bradshaw et al., 2012)*

## Reduced Exclusionary Discipline

office discipline referrals

*(Bradshaw, Mitchell, & Leaf, 2010; Bradshaw et al., 2012; Horner et al., 2009)*

suspensions

*(Bradshaw, Mitchell, & Leaf, 2010)*

restraint and seclusion

*(Reynolds et al., 2016; Simonsen, Britton, & Young, 2010)*

## Improved Teacher Outcomes

perception of teacher efficacy

*(Kelm & McIntosh, 2012; Ross, Romer, & Horner, 2012)*

school organizational health and  
school climate

*(Bradshaw, Koth, Bevans, Ialongo, & Leaf, 2008;  
Bradshaw, Koth, Thornton, & Leaf, 2009)*

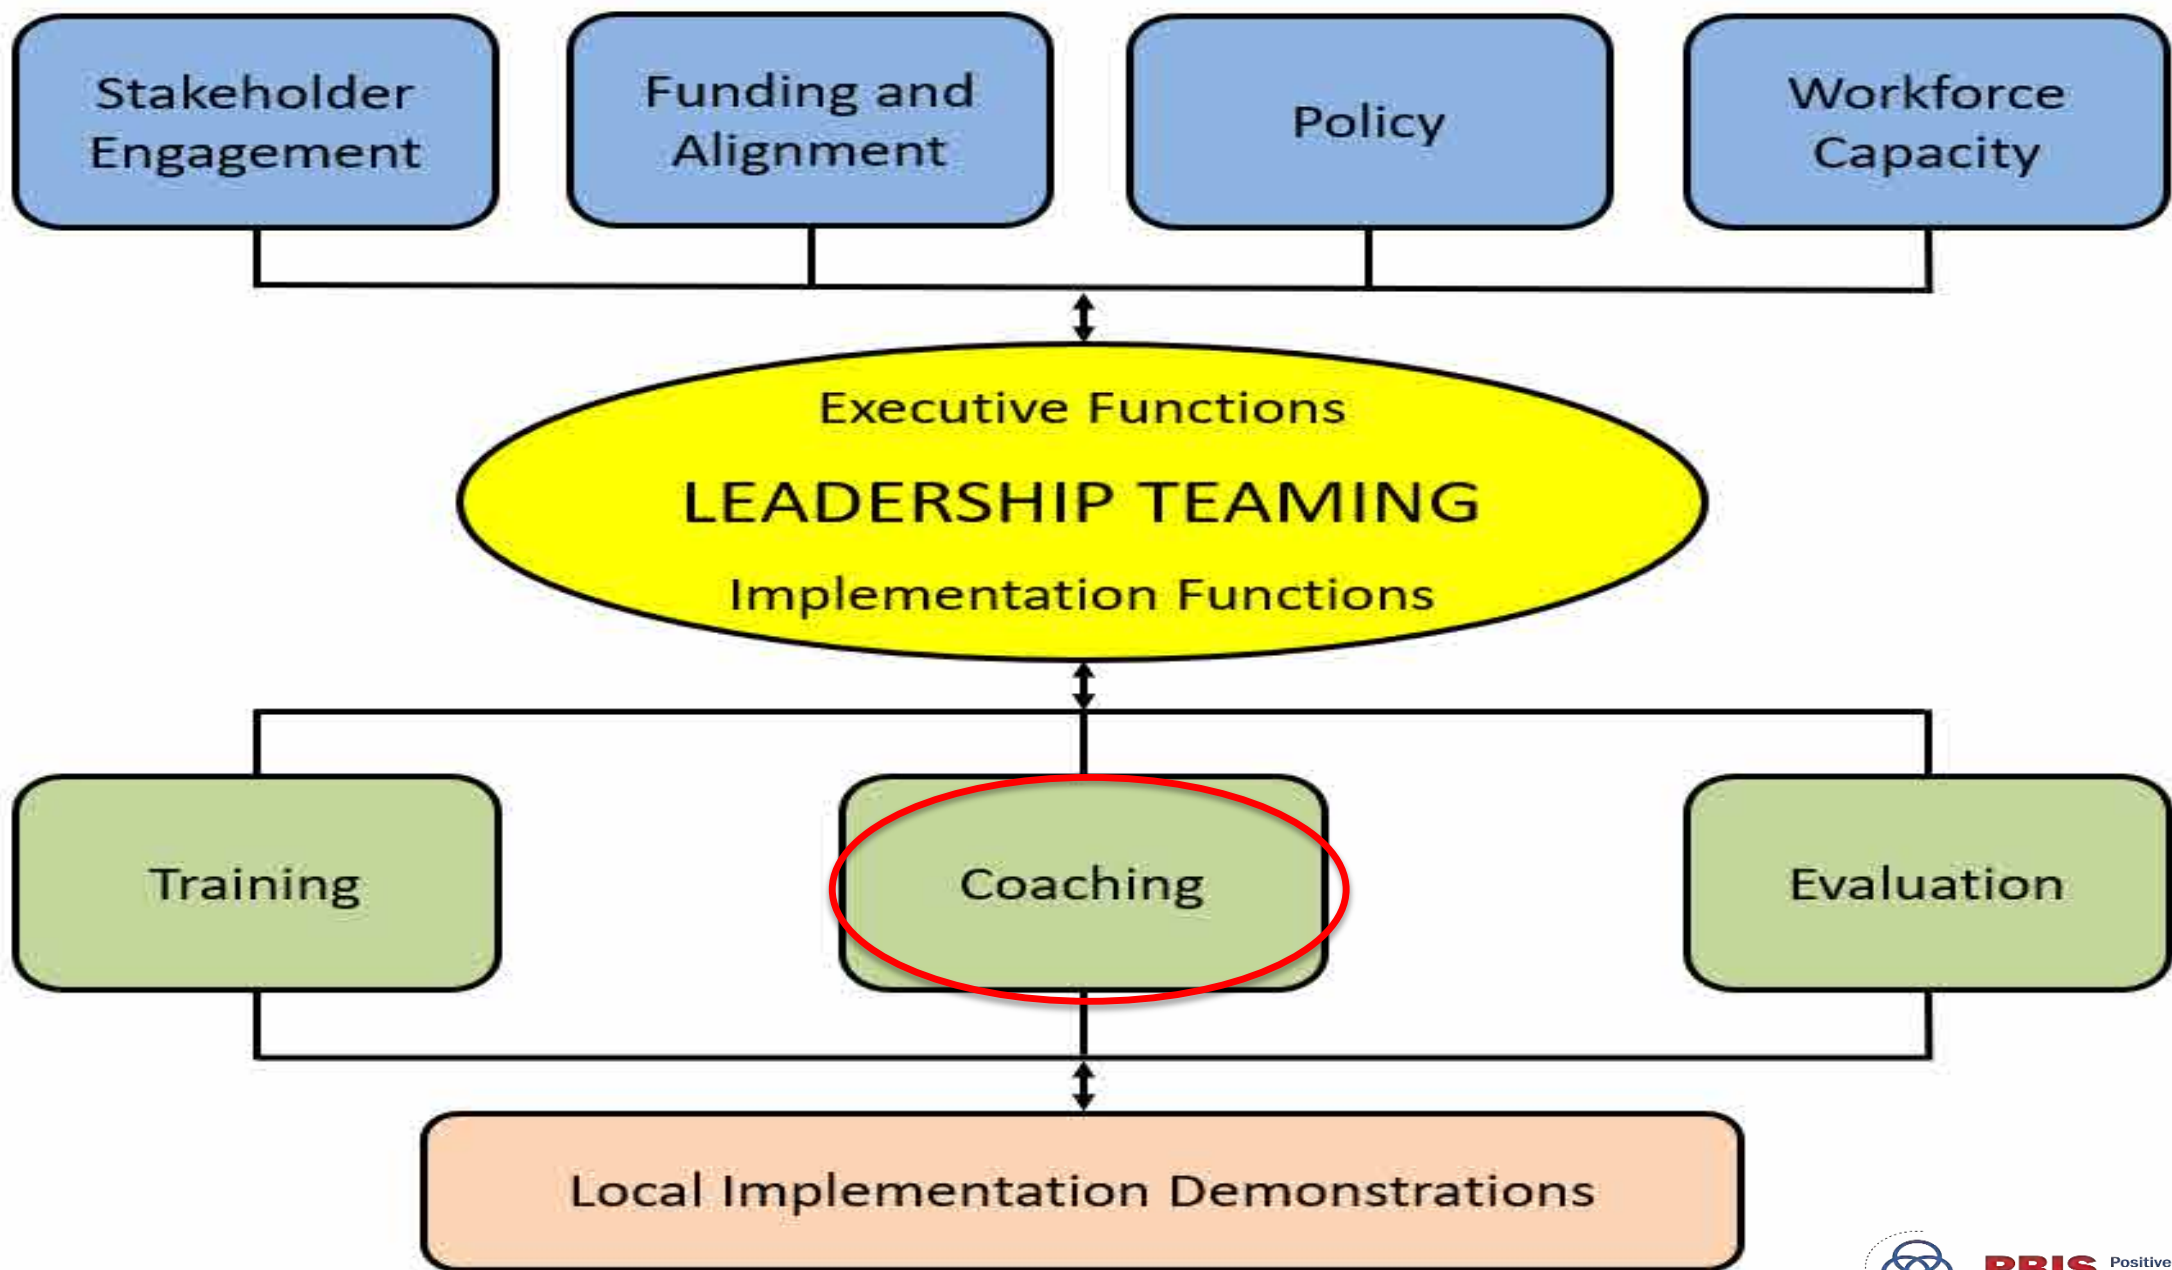

perception of school safety

*(Horner et al., 2009)*

# School-Wide Positive Behavior Interventions and Supports

# COACHING

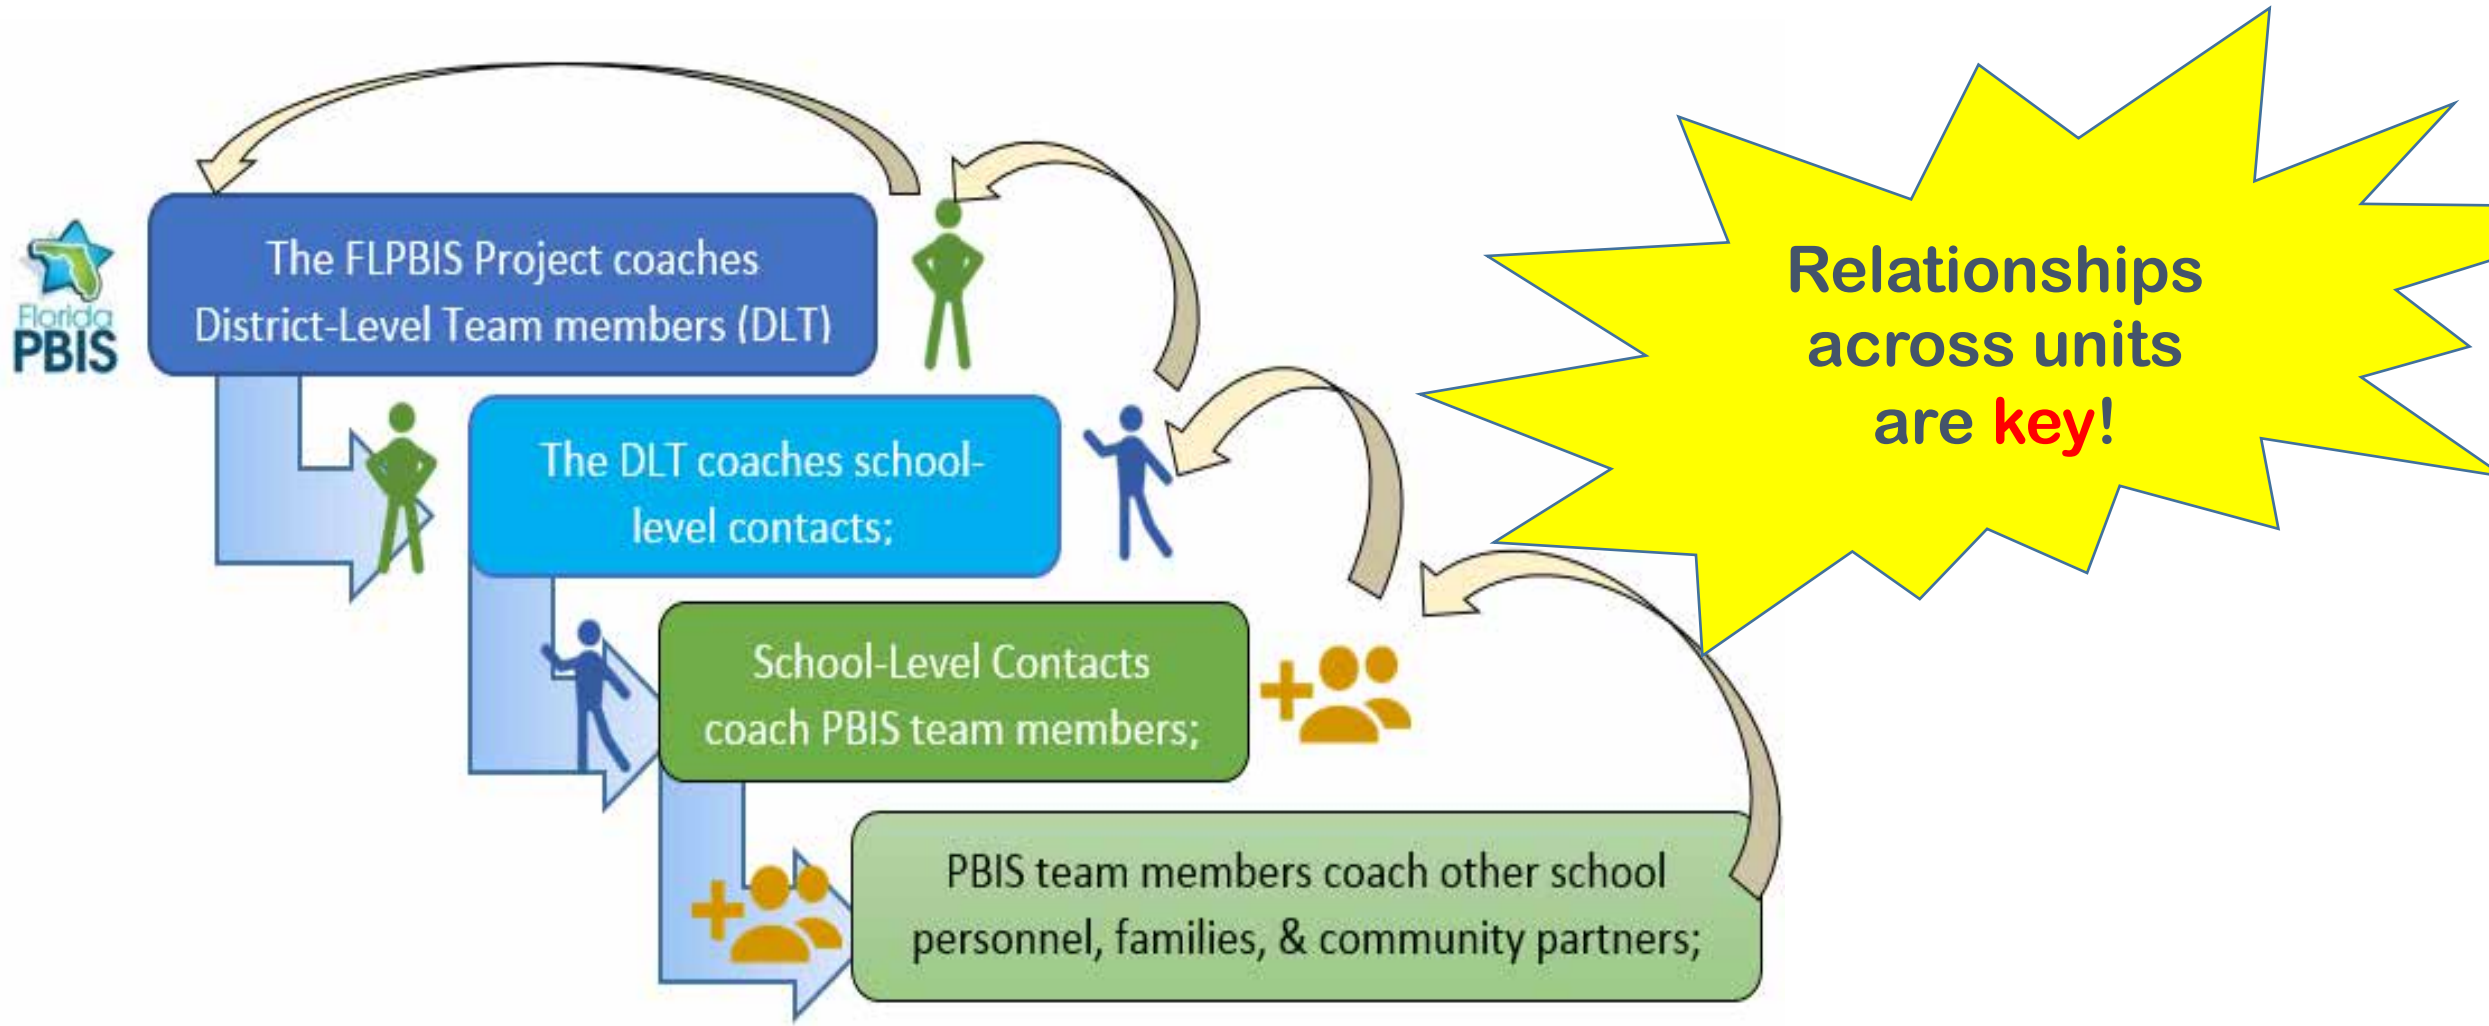

# Effectiveness of Coaching

- Staff training alone has little impact on implementation performance without coaching (*Ager & O'May, 2001*)
- Coaching leads to more accurate implementation fidelity scores (*McIntosh et al., 2017*)
- Coaching is a necessary component of ensuring initial accurate implementation of evidence-based practices within MTSS (*Fixsen et al. 2005; Joyce & Showers, 1995; Joyce & Showers, 1996; Lewis & Newcomer, 2002*)
- Coaching is related to greater improvements in outcomes (*e.g., Artman-Meeker, Hemeter, & Snyder, 2014; Capella et al., 2012; Flynn, Lissy, Alicea, Tarzates, & Mckay, 2017*)
- Coaching is critical for sustaining and scaling a practice over time (*Fixsen & Blasé, 1993; Horner et al., 2014*)
- Coaching increased sustainability of practices from 24% to 84% (*Fixsen & Blasé, 1993*)

# State ↔ District ↔ School ↔ Students/Families/Partners

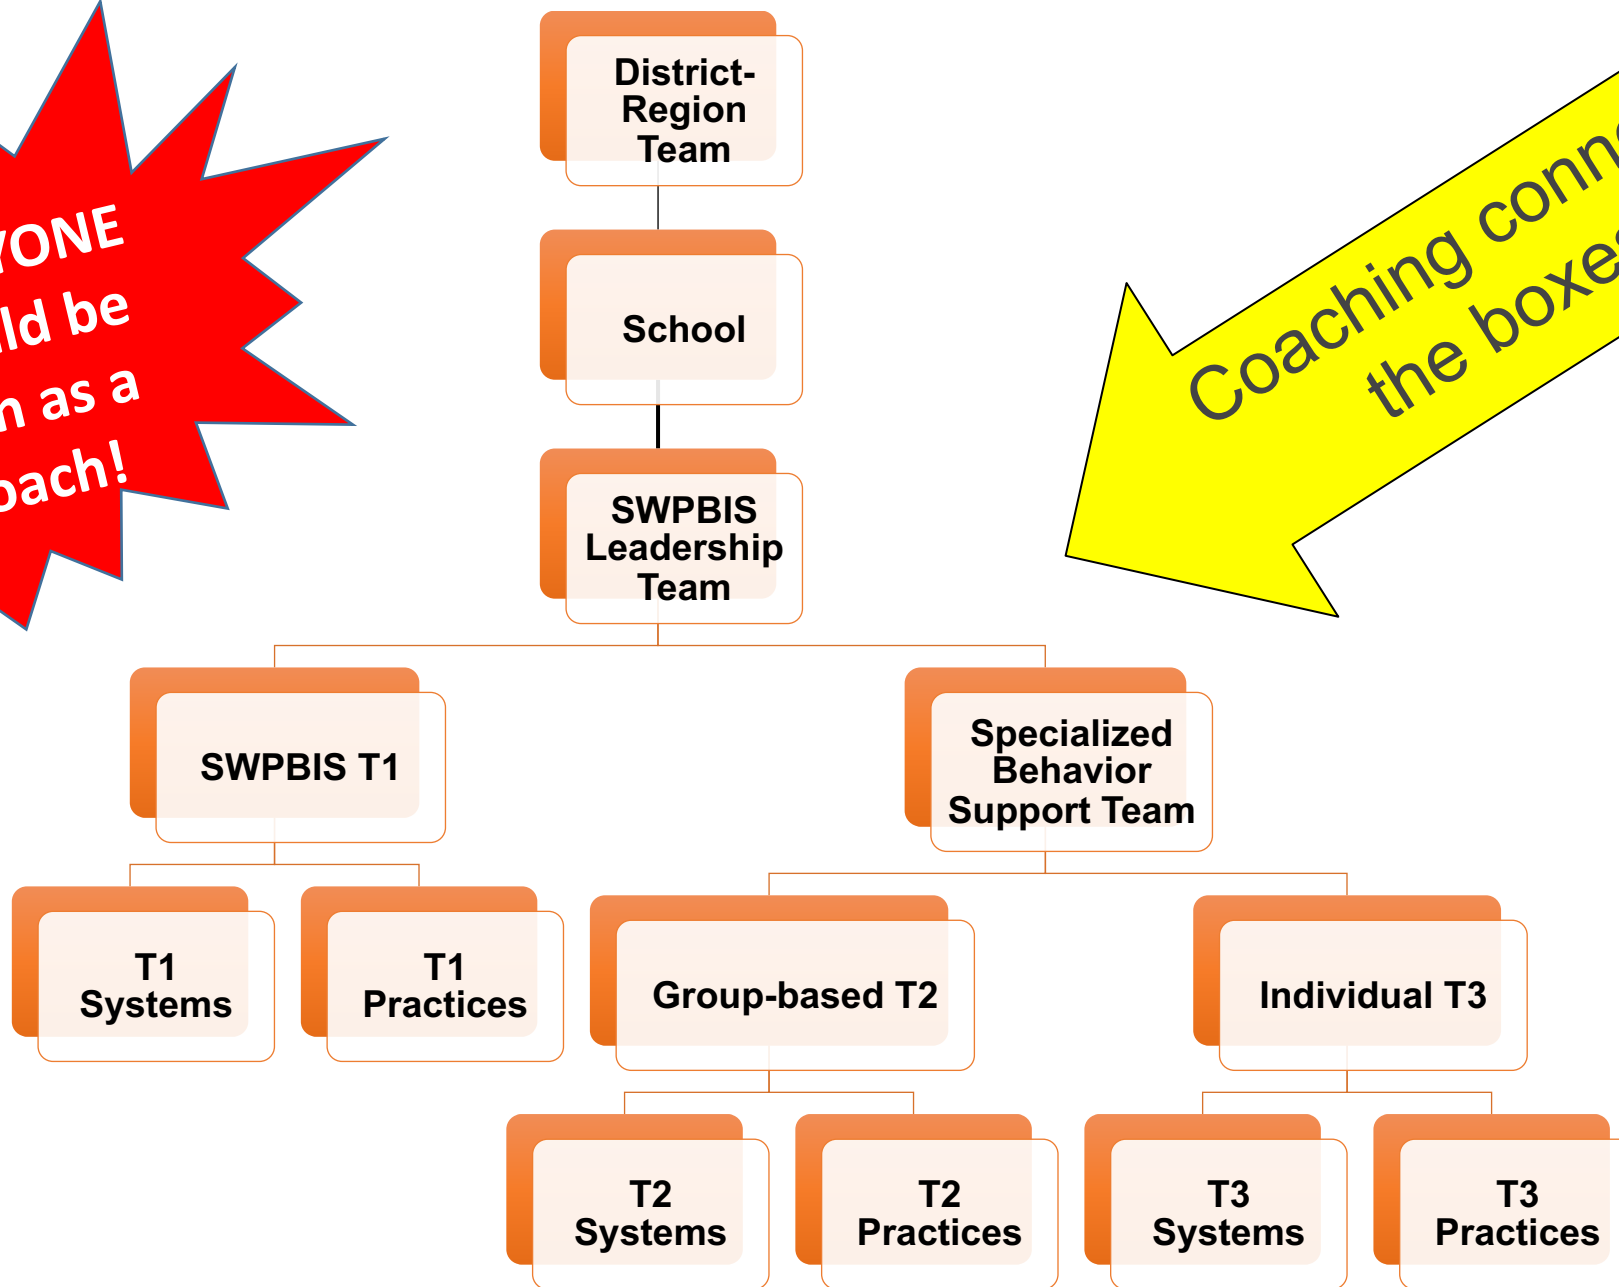

# Expanded Critical Coaching Functions

(Freeman, Sugai, Simonsen & Everett, 2017)

Critical Coaching Function	Examples
Provide team start up support	<ul style="list-style-type: none"><li>● Facilitate team meetings</li><li>● Teach and model roles within the team meeting (e.g., note taker, time keeper)</li><li>● Develop team meeting agenda</li><li>● Ensure the team is fully representative of the school staff and community</li></ul>
Promote and Monitor Fidelity of Implementation	<ul style="list-style-type: none"><li>• Administer one or more implementation fidelity measures in the school</li><li>• Support the interpretation of results from fidelity measure and guide team action planning</li><li>• Develop supports as needed to enhance implementation fidelity</li><li>• Ensure a detailed action plan is developed by the team</li></ul>
Provide content expertise	<ul style="list-style-type: none"><li>● Guide data collection and interpretation</li><li>● Ensure practices selected are evidence based, meet an established need, and address the underlying function of the behaviors that are being addressed</li></ul>

**EVERYONE  
should be  
seen as a  
Coach!**

**Coaching connects  
the boxes**

# Coaching

- **7.1 Coaching Provision**

- Adequate coaching supports (including data-based feedback) are provided based on phase of implementation and data-indicated need (e.g., at least monthly with each emerging school team, and at least quarterly with established teams implementing with fidelity).

- **7.2 Coaching Networks**

- Training and support (e.g., technical assistance) are provided to local coaching networks to establish and sustain coaches' skills in PBIS implementation.

- **7.3 Coaching Functions**

- Support emphasizes coaching functions (i.e., responsibilities and activities, not people or positions) for internal (school level) and external (state/district level) implementation supports.

# Coaching

- **7.4 Differentiated Coaching Support**

- A plan for differentiated coaching support is developed and based on stages of implementation, relevant tiers, and data-indicated need. The coaching plan is readily available (e.g., website) and/or disseminated to district and/or school teams and is consistently implemented.

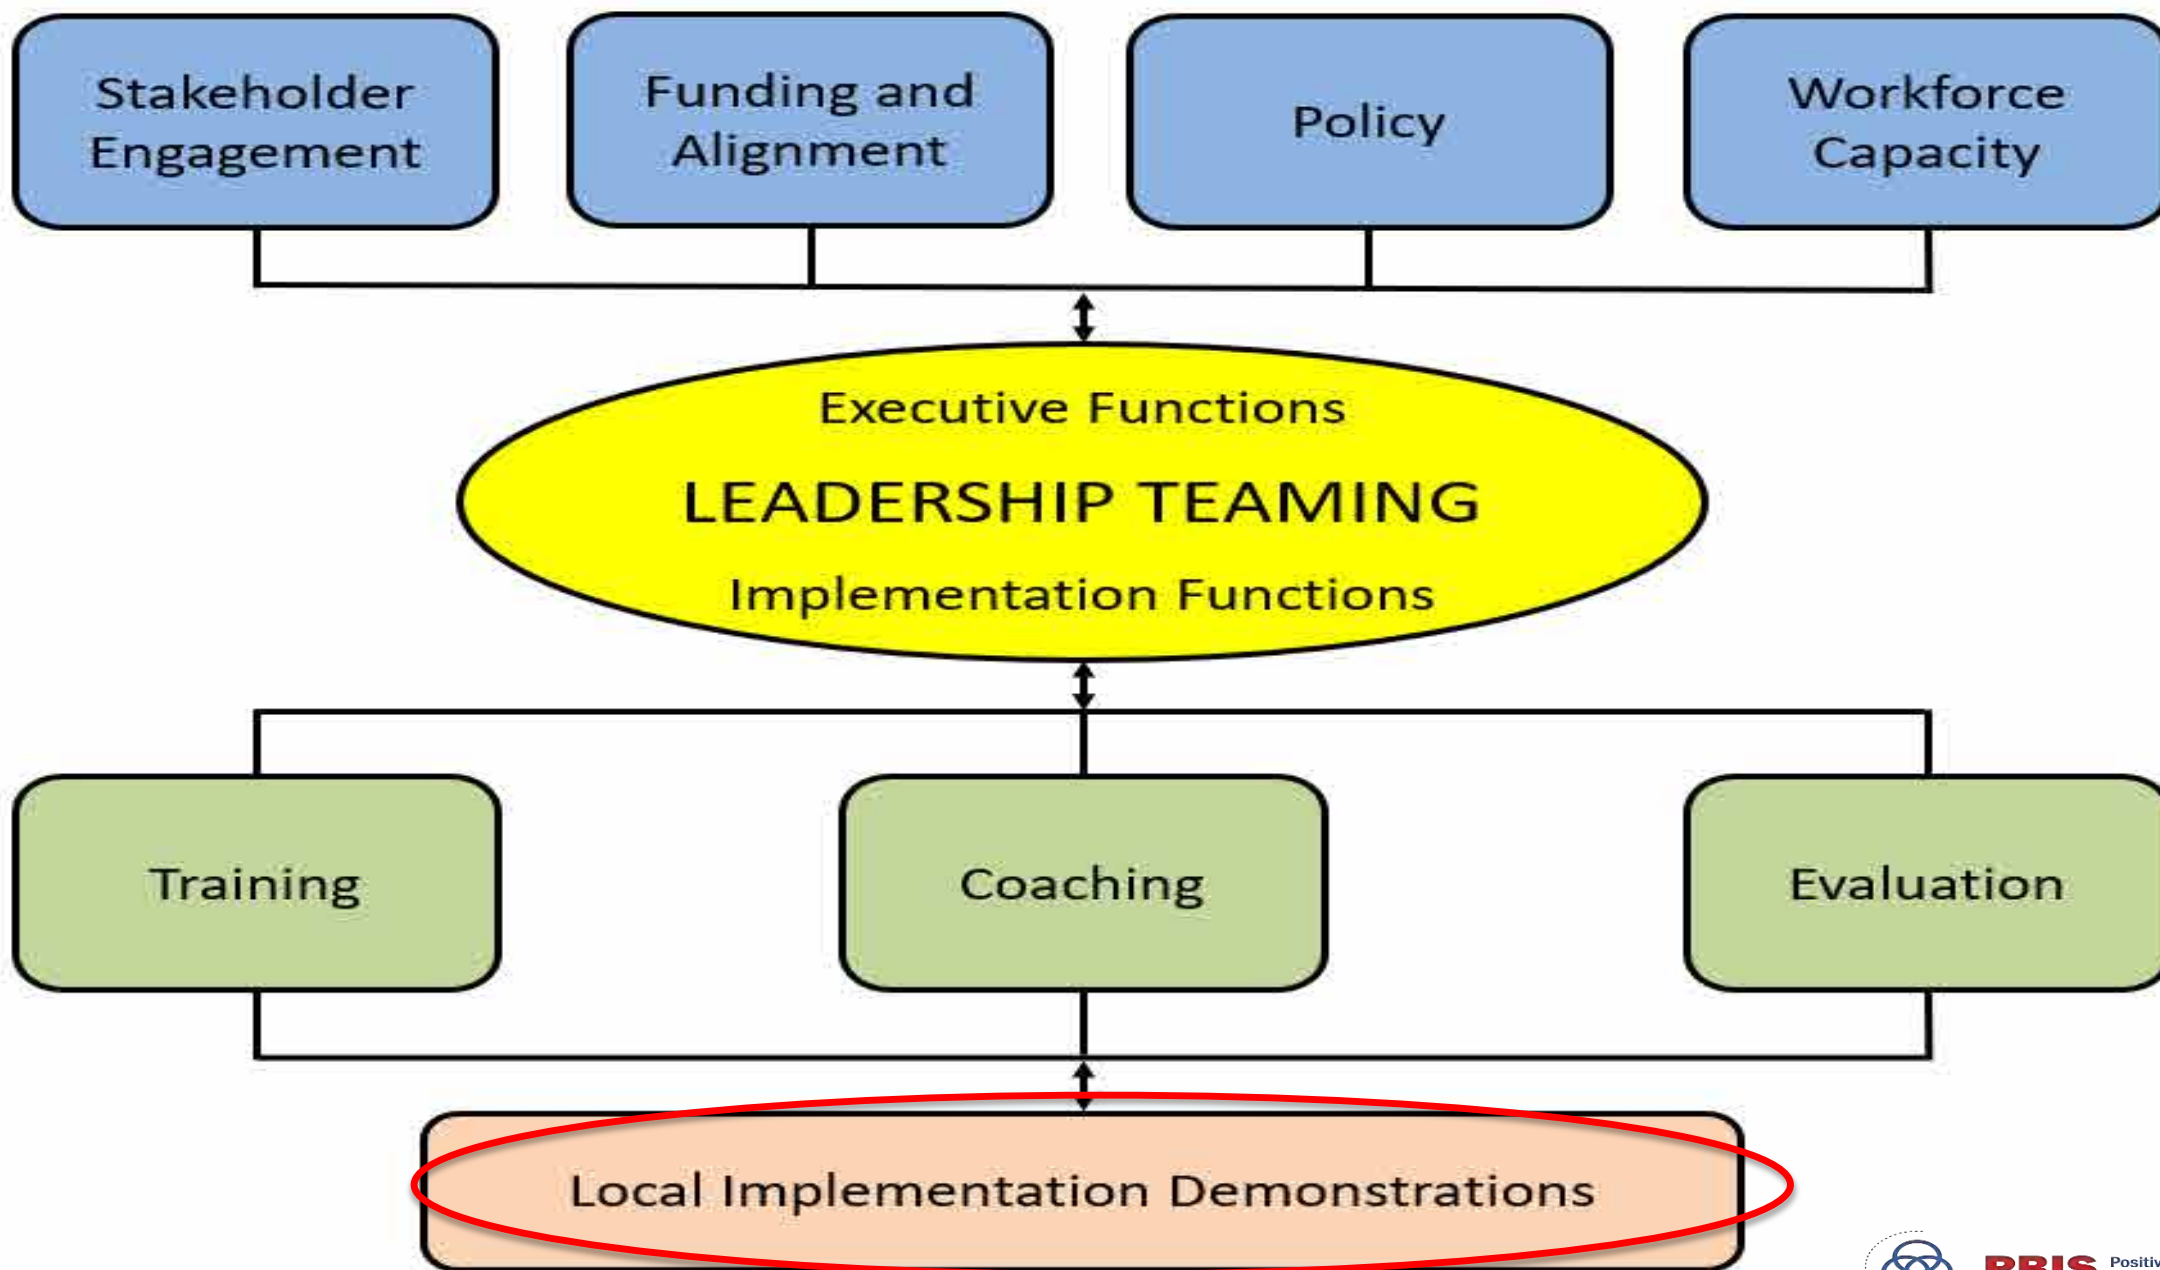

- **7.5 Local Coaching Capacity**

- State has transitioned from outside/external to local/internal coaching capacity (e.g., core group identified and supported in leading efforts, embedded in job descriptions) and assists districts in increasing their internal coaching capacity.

# **LOCAL IMPLEMENTATION DEMONSTRATIONS**

# Local Implementation Demonstrations

- **9.1 Site Selection**

- Formal district/school site selection processes (including readiness requirements and commitment procedures) and criteria are developed and used to select (a) initial (pilot) and (b) new (expansion, scaling) participating schools and/or districts. Consideration is given to selecting sites that reflect the range of diversity in the state (e.g., location, size, demographics, specific needs, family/community partnerships).

## 2019-2020 Model Schools

### Fillable Practice Form

The FLPBS Project has established a recognition system that honors and celebrates effective PBIS implementation and progress in improving student outcomes across Florida schools. In addition to celebrating successes, the Model Schools program recognizes schools that are committed to quality PBIS implementation to improve outcomes for all students. The program supports schools in collecting and using data to monitor outcomes and guide decision-making and provides a process to recognize progress and to encourage schools to expand, refine, and sustain full implementation of PBIS across all three tiers.

Since the Model Schools program was established in the 2008-2009 school year, FLPBS has recognized over 600 schools for their effective and expanding implementation of PBIS at the universal (Tier 1) level. As Florida schools continue to advance each year in effective implementation and the attainment of positive student outcomes, the Model Schools program has responded by refining and raising award expectations to match progress and encourage further development. In the 2019-2020 school year, the program is expanding awards beyond the universal (Tier 1) level and is establishing criteria to recognize Florida schools who are making efforts to implement PBIS at the selected (Tier 2) and intensive (Tier 3) levels. This shift is in direct response to the progress that Florida schools have made and their commitment to build upon this progress to improve outcomes for all students.

Visit the Model Schools web portal to apply:  
<http://model.schools.flpbis.org>

The 2019-2020 Model School application window is open from June 16 - September 1, 2020.

Bronze Model Schools	Silver Model Schools	Gold Model Schools	Platinum Model Schools
Bronze Model Schools demonstrate a commitment for data utilization to improve outcomes. They are implementing PBIS Tier 1 with fidelity and report low rates of exclusionary discipline practices.	Silver Model Schools meet all of the requirements for Bronze Model Schools. They also demonstrate a commitment to equity in student discipline practices.	Gold Model Schools meet all requirements for Bronze and Silver awards. They also demonstrate efforts to effectively implement Tier 2 behavioral interventions with fidelity.	Platinum Model Schools meet all requirements for Bronze, Silver, and Gold awards. They also demonstrate efforts to effectively implement Tier 3 behavioral interventions with fidelity.

This resource was developed so that schools can practice completing the 2019-2020 Model School application. Save your responses in the PDF to your computer to transfer them into the online application system between 6/16/20- 9/1/20.

# Local Implementation Demonstrations

- **9.2 Model Demonstrations**

- Demonstration PBIS districts/schools have annual data indicating sustained high levels of fidelity of implementation and visible activities, data, and products to serve as local demonstrations of process and outcomes across all tiers and levels (elementary, middle, high).

- **9.3 Scale Up**

- Leadership Team develops and uses a plan for further demonstrations, including replication and scaling of PBIS across all tiers and levels.
