## Welcoming students back to school?

## What are common reactions to new problems in education?

- Roll out a stand-alone initiative that is done once (if at all) and becomes one more thing teachers are asked to do

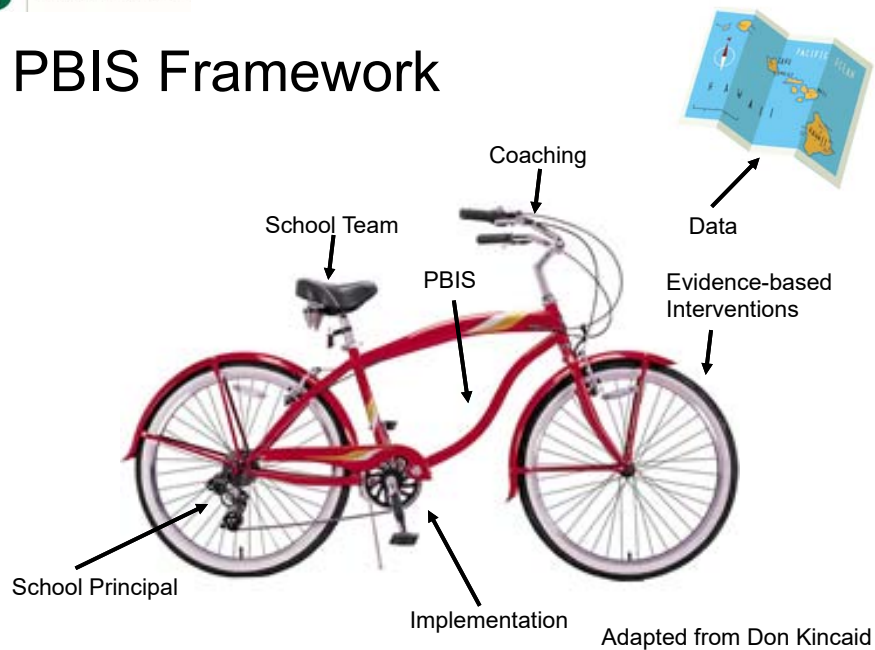

## A more sustainable approach

- Create safe, predictable, and positive learning environments for all students, regardless of...
  - Need
  - Exposure to traumatic events
  - Learning location
- Assess and provide more support based on additional need

■ Handwashing compliance drops 8.7% over the course of a 12-hr shift

## What is... fidelity of implementation?

- The extent to which the critical features of PBIS are implemented as intended

## Why assess it?

- Helps us improve outcomes for students
- Helps team target next steps and areas for improvement
