## Mission and Services

### Our Mission

Increase the capacity of Florida's school districts to use team-based planning and problem solving to implement positive behavioral interventions and supports within a Multi-Tiered System of Supports (MTSS).

### What We Do

Provide training and technical assistance to districts in the development and implementation of positive behavioral interventions and supports at the school-wide (Tier 1), classroom, targeted group (Tier 2), and individual student (Tier 3) levels.

### Our Support Model

To build local capacity for implementing PBIS, the FLPBIS Project engages in coaching, evaluation, and data-based problem solving with district leaders to create systems that support effective PBIS practices.

# PBIS on a Scale of Social Importance

**2,038**

schools in Florida have been trained in PBIS since 2004.

**45**

districts have over 70% of their schools trained in PBIS.

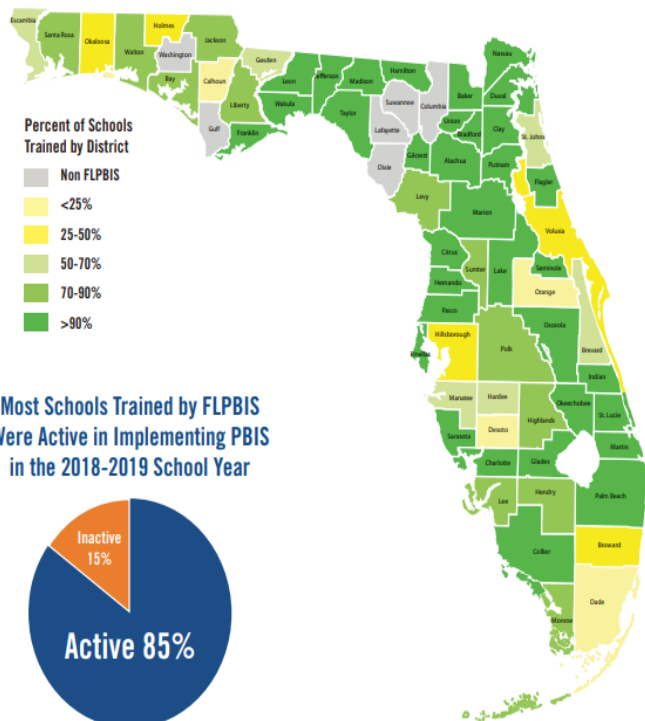

**55%**

of trained schools have received additional training within the last 3 years.

FY19 Active PBIS Districts

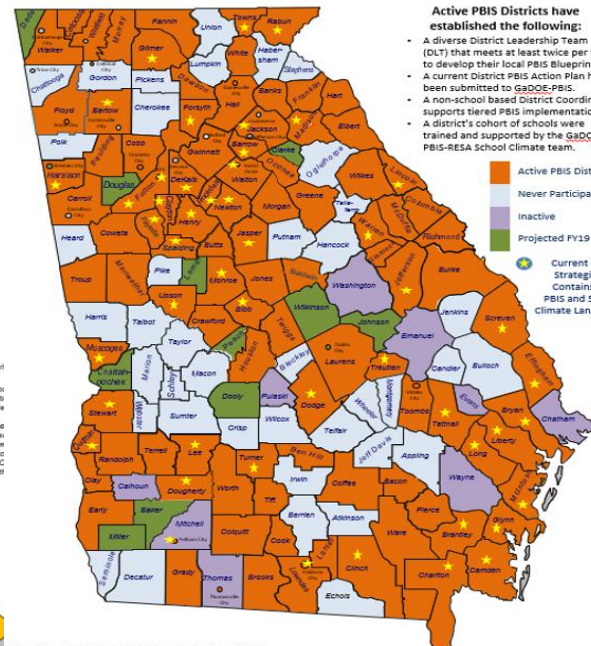

Active PBIS Districts have established the following:

- A diverse District Leadership Team (DLT) that meets at least twice per year to develop their local PBIS Blueprint.
- A current District PBIS Action Plan has been submitted to GaDOE-PBIS.
- A non-school based District Coordinator supports tiered PBIS implementation.
- A district's cohort of schools were trained and supported by the GaDOE-PBIS-RESA school climate team.

 Projected FY19

Current Public Strategic Plan Contains Both PBIS and School Climate Language

Active PBIS districts will  
 K-12 and State School and AASD/SSD have to various stages of implementation.

An active PBIS district will:  
 • A district leadership team  
 • A dynamic PBIS implementation  
 • Trained, Emergent or C devoted to improving it framework

## OBJECTIVES

Increase the % of districts highly engaged with PBIS

Increase the % schools remaining active & reporting fidelity of implementation across all three tiers

Increase the % of schools reporting relatively proportionate discipline outcomes across subgroups

Implement a Model School process that evaluates implementation & outcomes at Tier 2 & Tier 3

Increase the % of schools with increasing attendance

## OUTCOMES

District leadership teams engage in support for PBIS.

Schools maintain PBIS framework with fidelity to address social-

needs.

Students receive high-quality social-emotional behavioral instruction & experience low levels of equitable discipline outcomes.

### Mission:

Florida's school districts have capacity to use team-based planning and problem solving to implement positive behavioral interventions and supports within a Multi-Tiered System of Supports (MTSS).

Make it  
SMART

# Increase the % schools remaining active & reporting fidelity of implementation across all tiers (by 2024)

- 2.1 **Increase % of active/trained schools across all tiers from 16% to 50%.**  
*Data source(s): training records, BoQ, TFI/trained, reporting fidelity*
- 2.2 **Increase % of schools reporting all critical data from 50% to 75%.**  
*Data source(s): PIC, BoQ, Outcome Data/schools reporting all 3 items*
- 2.3 **Increase % of schools reaching fidelity at all tiers from 14% to 33%.**  
*Data source(s): BoQ, TFI/schools scoring 70% or higher on all tiers*
- 2.4 **Increase the #/% of schools maintaining PD in PBIS from 44% to 75%.**  
*Data source(s): training records/schools receiving training in last 3 yrs.*

1. Identify an internal or external facilitator who is fluent with systemic PBIS implementation process and blueprint elements and can guide assessment and action planning.
2. Form a team composed of behavior-related leadership personnel who are responsible for establishing and coordinating implementation of PBIS practices and systems.
3. Review existing data related to (a) student behavior (e.g., suspension/expulsions, screening outcomes, behavior incidents, discipline referrals, attendance, achievement scores, dropout rates, school climate, student/family surveys) and (b) implementation fidelity (e.g., Tiered Fidelity Inventory, School-wide Evaluation Tool, Benchmarks of Quality).
4. Conduct resource mapping (i.e., identification, alignment, integration, adaptation) of existing social-emotional-behavioral efforts, initiatives, and/or programs to maximize use and impact of existing resources.
5. Complete the SSFI, rating general implementation status with the rubric.
6. Prioritize implementation elements for action planning with respect to the importance of short and long-term student outcomes and need for systems level capacity development.
7. Review implementation elements to develop steps for a multi-year action plan (1 year, 2-4 years, and 5+ years).
8. Emphasize use and organization of existing resources (identified in step 3) for implementation of action plan.
9. Review progress, as a team, on action plan activities and outcomes at least monthly.
10. Conduct annual evaluation and updating of action plan fidelity of implementation and outcome progress.

# Positive Behavioral Interventions and Supports

Positive Behavioral Interventions and Supports (PBIS) is an evidence-based, data-driven framework proven to reduce disciplinary incidents, increase a school's sense of safety and support improved academic outcomes. More than 1,200 Georgia schools and 27,000 nationwide have been trained in PBIS.

Implementation of PBIS is saving countless instructional hours otherwise lost to discipline. The premise of PBIS is that continual teaching, combined with acknowledgement or feedback of positive student behavior will reduce unnecessary discipline and promote a climate of greater productivity, safety and learning. PBIS schools apply a multi-tiered approach to prevention, using disciplinary data and principles of behavior analysis to develop school-wide, targeted and individualized interventions and supports to improve school climate for all students. The premise of PBIS is that continual teaching, combined with acknowledgement or feedback of positive student behavior will reduce unnecessary discipline and promote a climate of greater productivity, safety and learning. PBIS schools apply a multi-tiered approach to prevention, using disciplinary data and principles of behavior analysis to develop school-wide, targeted and individualized interventions and supports to improve school climate for all students. # SSFI Process

# Guidelines for the SSFI

1. Identify an internal or external facilitator who is fluent with systemic PBIS implementation process and blueprint elements and can guide assessment and action planning.
2. Form a team composed of behavior-related leadership personnel who are responsible for establishing and coordinating implementation of PBIS practices and systems.
3. Review existing data related to (a) student behavior (e.g., suspension/expulsions, screening outcomes, behavior incidents, discipline referrals, attendance, achievement scores, dropout rates, school climate, student/family surveys) and (b) implementation fidelity (e.g., Tiered Fidelity Inventory, School-wide Evaluation Tool, Benchmarks of Quality).
4. Conduct resource mapping (i.e., identification, alignment, integration, adaptation) of existing social-emotional-behavioral efforts, initiatives, and/or programs to maximize use and impact of existing resources.
5. Complete the SSFI, rating general implementation status with the rubric.
6. Prioritize implementation elements for action planning with respect to the importance of short and long-term student outcomes and need for systems level capacity development.
7. Review implementation elements to develop steps for a multi-year action plan (1 year, 2-4 years, and 5+ years).
8. Emphasize use and organization of existing resources (identified in step 3) for implementation of action plan.
9. Review progress, as a team, on action plan activities and outcomes at least monthly.
10. Conduct annual evaluation and updating of action plan fidelity of implementation and outcome progress.

# SSFI Process

- Followed same process as we coach for the TFI
  - Vote on each item
  - Discuss items without consensus
- Engage our PBIS TA Specialist on items we cannot gain consensus or questions about implementation
  - 4.3 Leadership Team regularly reviews and refines policies to enhance their effects on fidelity of implementation and social-emotional-behavioral and academic outcomes for all student groups.
  - 5.3 Annual performance evaluations of administrators, teachers, and related instructional/support personnel assess knowledge and skills related to PBIS implementation.
