Expertise in judicial and arbitration litigation in the area of infrastructure, especially public service concessions.

Practice Area

Infrastructure & Projects / Administrative Law & Regulatory / Dispute Resolution

Professional Background

Claudio has extensive experience in litigation and arbitration (civil and corporate), including commercial contracts, civil liability, corporate and corporate disputes. He has extensive experience in administrative law, including bidding, public procurement, concessions and public-private partnerships. He is a partner in the Litigation & Arbitration practice of Vieira Rezende and the Rio de Janeiro State Attorney since 2004.

In addition to his practice in civil and commercial law, he is currently involved in public service matters, which reinforces his extensive experience in law. infrastructure, especially in projects and litigation involving public service concessions.

Recognition

Claudio is recognized among the leaders in his practice area in Brazil, by the **Leaders League** guide, in the "Projects & Infrastructure" category.
