

NORWEGIAN DESK

The Norwegian Desk is a legal and business-oriented platform for Norwegian companies and investors interested in doing business in Brazil or that already have initiated activities within the country.

It is headed by both partners Daniela Ribeiro Davila, in the Oil, Gas & Offshore area and Joyce Jacobsen, who is fluent in Norwegian and has served as Senior Associate in the Shipping & Offshore practice for 4 years at the Wikborg Rein office in Oslo.

The team is composed by a group of lawyers specialized in a wide variety of services and industry areas, especially in the Oil, Gas & Offshore sectors, serving Norwegian and European companies in general. Most of them are permanent members of the Legal Committee of the Brazil - Norway Chamber of Commerce (NBCC) and active participants in the Norwegian business community in Brazil, supporting events and promoting integration between countries.

Strengthened by the alliance with the Norwegian Law Firm Wikborg Rein, the Norwegian Desk stands out for its "one-stop shop" approach to Norwegian companies and financial institutions, offering personalized legal advice tailored to their driving values, culture, concerns and business goals.

INTERNATIONAL ALLIANCE

In 2011, Vieira Rezende established an alliance with the renowned Norwegian office, Wikborg Rein, to develop integrated solutions for Norwegian companies operating in Brazil, mainly in the Oil, Gas & Offshore and Shipping sectors.

Wikborg Rein's unique knowledge of international players in all areas of the Oil & Gas, Shipping and Offshore industries such as companies, banks, P&I clubs and certifying agencies, together with Vieira Rezende's expertise and track record of Brazilian major projects in the areas of Oil & Gas, Shipping and Offshore and infrastructure as a whole, makes the alliance a strong platform on which our clients can rely in the development of their shipping, oil, gas & offshore and infrastructure activities as a whole.

Wikborg Rein is a leading office in the Norwegian and international shipping offshore industry with offices in Oslo, London, Singapore and Shanghai.
