## **Prospanica Partners with University of Dallas for Summer Webinar Series**

DALLAS, Texas (July 25, 2019) – Prospanica is proud to announce their partnership with the University of Dallas for their Summer Webinar Series, beginning on July 25. Through this four-part series, members will further their professional knowledge and sharpen their skills with the help of University of Dallas professors.

“Furthering one’s professional education is essential in today’s market,” said Thomas Savino, Prospanica CEO. “We [Prospanica] want to provide this opportunity on a national scale to our members in an accessible format to best accommodate their busy schedules.”

Topics for the four sessions include Interpersonal Effectiveness, Conflict Management, Building Effective Teams and Emotional Intelligence. Through the partnership with the University of Dallas, Prospanica is able to provide both quality and current programming to help enhance members’ business education.

At the sessions’ conclusion, members will complete a short assessment and receive a digital badge. The badge will serve as a micro-credential that contains a detailed record of the completed series and can be shared on professional networking platforms including LinkedIn.

The series is free for Prospanica members and costs \$20 per session for non-members. If non-members register for three sessions, Prospanica will offer the fourth session at no cost. More information on the series can be found at <https://www.prospanica.org/page/Webinar>.

### **About Prospanica**

Prospanica®, is a non-profit organization dedicated to empowering Hispanics to reach their full educational, economic, and social potential. Founded in 1988 as the National Society of Hispanic MBAs (NSHMBA), Prospanica® is the association of Hispanic professionals with more than 46 Professional and University Chapters across the U.S. and Puerto Rico. Prospanica® is dedicated to help professionals, graduate and undergraduate business students, entrepreneurs and Fortune 500 partners build on connections and career development to fortify the Hispanic workforce. For more information, visit [www.prospanica.org](http://www.prospanica.org).
