Annexure-I

All the documents such as Form-1, Pre-feasibility report, approval from the concerned State/UT Coastal Zone Management Authorities, Environment Impact Assessment Report, public hearing report, queries subsequently raised by the Ministry, if any, and your para-wise comments thereto etc., in accordance with Environment Impact Assessment Notification, 2006 and/or Coastal Regulation Zone Notification, 1991/2011 are required to be forwarded to the Chairman/Members of the Expert Appraisal Committee including details of the court matters/Orders of the Court pertaining to the project if any. Accordingly, forward a copy of each of these documents - Hard and Soft Copies (CD) to the Chairman/members of the Expert Appraisal Committee by speed post so as to reach the members well in time. Names and addresses of the Chairman/Members are enclosed. All the documents including the hard copy of the presentation material should be legible and printed on both sides on ordinary paper.

2. PP shall avoid delivery of documents by hand and seeking meeting with Chairman/Members in this regard.

3. It may be ensured that the Members receive the requisite documents pertaining to the projects one week prior to the meeting positively. In case the members of the Expert Appraisal Committee do not receive the documents, the Committee will not consider the project.

4. Further, the project proponent or his/her authorized representative should attend the meeting of EAC.

5. Any changes/modification with respect to the Agenda, Venue etc., would be indicated in the Ministry’s website. You are also requested to keep track of the status of your project from the Ministry/s Website i.e., www.environmentclearance.nic.in

6. A line in confirmation regarding participation of your representative in the meeting will be appreciated. It may be noted that only the EIA Coordinator who has already been accredited with Quality Council of India and his name is in the list as issued on 05th October, 2013 can accompany the proponent in the meeting.
Check list for EC

1. Proposal
2. Location
3. Project brief: nature of proposal (new/expansion,) total area- land use, project components, connectivity to the site etc,
4. Cost of the project
5. Whether the project is in Critically Polluted area
6. If the project is for EC under EIA Notification, 2006
   a) For the first time appraisal by EAC
      (i) Date of ToR:
      (ii) Date of Public Hearing, location
      (iii) Major issues raised during PH and response of PP
   b) Second appraisal
      (i) Date of first /earlier appraisal
      (ii) Details of the information sought by the EAC with the response of the PP
7. If the project is in CRZ area,
   (i) Components in CRZ area
   (ii) recommendation of Coastal Zone Management Authority,
   (iii) layout on CRZ map of 1: 4000 scale prepared by an authorised agency
8. If the project involves diversion of forest land
   (i) extend of the forest land
   (ii) status of forest clearance
9. If the project falls within 10 km of eco- sensitive area
   (i) Name of eco- sensitive area and distance from the project site,
   (ii) status of clearance from National Board for wild life
10. Waste Management
    (i) Water requirement, source, status of clearance
    (ii) Waste water quantity, treatment capacity, detail
    (iii) Recycling / reuse of treated water and disposal
    (iv) Solid Waste Management
    (v) Hazardous Waste Management
11. Other details
    (i) Noise Modelling with noise control measures for airports
    (ii) details of water bodies, impact on drainage if ant
    (iii) Details of tree cutting
    (iv) Energy conservation measures with estimated saving
    (v) Green belt development (20 % of construction projects and 33 % for others)
    (vi) Parking requirement with provision made
12. If the project involves foreshore facilities
    (i) Shoreline study
    (ii) Dredging details, disposal of dredge material
    (iii) Reclamation
    (iv) Cargo handling with dust control measures
    (v) Oil Spill Contingent Management Plan
   (vi) If the project involves Marine disposal
(i) NOC from PCB in case of marine disposal
(ii) details of modelling study – details of outfall diffusers, number of dilution expected, distance at which the outlet will reach ambient parameters
(iii) location of intake / outfall. Quantity,
(iv) detail of monitoring at outfall
(v) Any other relevant information:
(vi) Investment/Cost of the project is Rs...........(in crore).
(vii) Employment potential....................
(viii) Benefits of the project .................

*****
Annexure-III

Check list for ToR

1. Proposal
2. Location
3. Location on google map/ survey map
4. Land use of the site and around the site up to 10 km radius
5. Justification for selection of the site
6. Project brief: nature of proposal (new/ expansion,) total area- land use, project components, connectivity to the site etc,
7. Cost of the project
8. Whether the project is in Critically Polluted area
9. If the project involves diversion of forest land, extent of the forest land
10. If the project falls within 10 km of eco-sensitive area, Name of eco-sensitive area and distance from the project site,
11. Port and harbour
   i. Details of shore line change
   ii. Details of channel, breakwaters, dredging, disposal and reclamation.
   iii. Handling of each cargo, storage, transport along with spillage control, dust preventive measures
   iv. Details of fishing activity in the vicinity.
12. Airport
   i. Habitation in and around, their location with respect to take off and landing funnel.
13. CETP
   i. Type of effluent, Quantity, effluent conveyance system from the member units to CETP
   ii. Treatment and usage of treated sewage
14. Incinerator
   Types of wastes, sources, collection, treatment, waste generation and disposal
   Habitation in and around
15. Other details
   (vii) Water requirement, source, status of clearance
   (viii) Connectivity to the site
   (ix) Terrain, level with respect o MSL, requirement of filling if any
   (x) Tree cutting, types, numbers, girth size etc.
   (xi) Rehabilitation involved if any
   (xii) Water bodies, diversion if any if any
   (xiii) Court cases if any.
   (xiv) Investment/Cost of the project is Rs.........(in crore).
   (xv) Employment potential....................
   (xvi) Benefits of the project .................

Annexure-IV

EC for building construction projects

i. The project is located at .......Latitude and .... longitude.

ii. The project is new/ redevelopment

iii. Earlier Clearance details, Constructions status, if any

iv. The total plot area is ..sq.m. The project will comprise of ... Buildings. FSI area is ..sqm and total construction area of ....sqm. Total ... flats shall be developed. Maximum height of the building is ... m.

v. During construction phase, total water requirement is expected to be ...0 KLD which will be met by ....... During the construction phase, soak pits and septic tanks will be provided for disposal of waste water. Temporary sanitary toilets will be provided during peak labor force.

vi. During operational phase, total water demand of the project is expected to be .... KLD and the same will be met by the ......Recycled Water. Wastewater generated (.... KLD) uses will be treated in ...... STPs of total ...... KLD capacity. ... KLD of treated wastewater will be recycled ( .. for flushing, .. for gardening). About ... KLD will be disposed in to municipal drain.

vii. About ... TPD solid waste will be generated in the project. The biodegradable waste (.. TPD) will be processed in OWC and the non-biodegradable waste generated (.. TPD) will be handed over to authorized local vendor.

viii. The total power requirement during construction phase is ... KVA and will be met from .......and total power requirement during cooperation phase is ... KVA and will be met from .......

ix. Rooftop rainwater of buildings will be collected in ... RWH tanks of total .. KLD capacity for harvesting after filtration.

x. Parking facility for ..four wheelers and ..... two wheelers is proposed to be provided against the requirement of .... and .....respectively (according to local norms).

xi. Proposed energy saving measures would save about   % of power.

xii. It located/not located within 10 km of .... Eco Sensitive areas

xiii. There is no/court case pending against the project.

xiv. Investment/Cost of the project is Rs..........(in crore).
xv. Employment potential

xvi. Benefits of the project
