PROGRAM: NO-WAIT SHAKES

There's a smart way to brace your Shake & Smoothie Bar for busy times and allow busy customers to get their shakes and smoothies in a flash — it's the No-Wait Shake. Use a pre-order card to let your customer choose their Recovery Shake before they workout. It'll be ready for them as they fly out the door — no waiting!

OPERATIONS TIP

Every shake must be between 20–22 ounces when blended. If you're coming up with more than that, your bottom line is impacted and shakes may not taste right. If you're coming up with less than this, try adding more ice and blend again. Hint — if a shake contains whey protein, you'll only need 6 oz of liquid.
