PROGRAM: MARKETING OUTSIDE THE BOX

There's a great big world out there just waiting to try your fabulous, healthy shakes and smoothies, but you have to let them know that you exist. If your facility allows for it, let us help you create impactful outdoor signage to help cultivate a clientele that exists beyond your walls.

OPERATIONS TIP

Sink cleanings should be done at least every 4 hours. Fill the sink compartment adjacent to the drain board with hot water and the appropriate number of Sani-Tabs to achieve 200 PPM. Fill the opposite sink compartment with hot water and sink detergent. The center bowl should be left empty and used only for rinsing. See your Manual for more details.
