We don't know one athlete that doesn't experience some sort of joint problem. Get Flexible's formula may help give many athletes & people over 40 a new lease on life.

Green Tea, Quercetin, Rosehips, Ginger, Oregano & turmeric are naturally anti-inflammatory & antioxidant-rich herbs/spices. Vitamin C helps produce collagen, which is the building block of skin, cartilage, ligaments, and blood vessels. Hyaluronic Acid & Lecithin lubricate the joints, tissues & cells. Chondroitin Sulfate, Barberry, Rosemary & Holy Basil reduce pain and swelling. Vitamins D, K1 & K2 promote bone health. Omega 3's help improve heart & immune function. Vanadium helps to build up skeletal muscle.

We've managed to improve on our infinitely good Joint Matrix, which is a blend of 6 species of medicinal (not the funny kind of) mushrooms. King Trumpet, Cordyceps, Antrodia camphorata, Agaricus blazei, Brown Beech & Lions Mane work together to boost immunity, speed up recovery time and (most importantly) to reduce inflammation, a major cause for joint discomfort.
