

FUEL MANAGEMENT

TAKE THE GUESS WORK OUT OF FUELING.

- Fleet Intelligence™ offers a robust fuel inspection application for mobile devices that is especially useful for on-site fueling
- Track vital information like what machine is getting fuel, what kind of fuel is being dispensed, how much fuel is used, as well as operator activity and oil information
- Monitor the tank and fuel level when applicable
- Easily incorporate fuel cards
- Quickly see what needs to be fueled and what does not to optimize productivity
