UNIVERSITY QUALIFICATION

When you have successfully completed all the requirements you will be awarded a Postgraduate Diploma in Executive Maritime Management issued by WMU.

EUROPEAN CREDIT TRANSFER SYSTEM (ECTS)

The Postgraduate Diploma carries a credit weighting expressed in European Credits (ECs). The complete programme consists of 40 ECs with each module consisting of 8 ECs. Under the European Credit Transfer System (ECTS), these credits can be transferred on to other programmes, at WMU and elsewhere, if they are approved by the receiving university.

Credits earned in your Postgraduate Diploma may be used in partial fulfilment of the requirements for another degree. At WMU, for example, you would be completely exempted from the first term of the standard Malmö-based Master of Science (M.Sc.) in Maritime Affairs programme, allowing you to complete it in just ten months.

STUDY TIME

The programme lasts eleven months. Approximately every eight weeks, a module will be completed with a written assignment and a new module will start.

PROGRAMME FEES

The total cost of the Postgraduate Diploma in Executive Maritime Management is EUR 7,590 (EUR 1,518 per module). These fees include the necessary recorded videos (available online) as well as the lecturer's support; participants must cover the occurred costs of any special arrangements they may request.

For more than two participants from the same company a 10% discount per participant is offered.
