

Todd Lander – Write-In Candidate

I have acquired ten+ years of experience as a BVSA Director and have continued to enjoy serving our members in this beautiful valley. My experience, along with the skills of listening to members and being responsive to their concerns is what I'd like to offer once again.

After finding out there were only two candidates running this year with three openings, I chose to run again as a write-in candidate

With our member's support, there is little we cannot accomplish. Thank you for your consideration in electing me to serve you.
