

I am Andrea Hicks, better known as Andi Hicks, and a write-in candidate for the third open seat on the BVSA Board of Directors.

Over the past several years a variety of issues made me aware of the fact that “As a member of an HOA, if you are complacent, if you just let life go by and just sit around and complain about it – you get what you deserve.”\*

Our BVSA volunteer board does a great job, but I sense their policies and procedures could use a review and update.

My desire is to achieve a new transparency, to work at better ways to communicate, review budgets to make them more fiscally responsible and efficient, find ways to inspire homeowners to become more involved, open a new spirit of negotiation and compromise to encourage BVS residents to come together and work to maintain and better our truly unique and precious valley.

I am not a politician. If elected to the board, my position is to LISTEN, LEARN, and STRIVE- to better our community

I have experience in corporate management, finance, organizational and communication skills and am an equestrian and golfer.
