

TD-2000 Series

Powered Desktop Thermal Printer

Labels, Tags, Receipts & Wristband Printing Solutions

The TD-2000 Series of powered desktop thermal printers from Brother offer a powerful and extremely versatile alternative for creating labels, tags, receipts and even wristbands, when and where you need them. The TD-2000 bridges the gap between desktop and mobile printers, offering the performance, features and media capacity of a desktop printer with options for portability and stand alone print solutions.

- **Fast.** Prints up to 6 inches per second.
- **Compact.** 25 percent smaller than other 2-inch direct thermal desktop printers on the market.
- **Versatile.** A wide range of accessories that are easy to install and allow for connectivity options and portability with **no PC** required and a touch panel display for self contained printing.
- **Flexible.** Print wide variety of labels, tags, receipts, and wristbands.
- **Easy to Use.** Drop in spindle-less design for easy media replacement and easy to use label design software and built-in templates for do it yourself label design.
- **Reliable.** Covered by a 2 year Select Warranty.
