SAFETY DATA SHEET

1. Identification

Product identifier: IGS3763B

Other means of identification
Synonyms: Sealant, Silicone Elastomer

Recommended use and restriction on use
Recommended use: Silicone Elastomer (B)
Restrictions on use: Not known.

Manufacturer/Importer/Distributor Information
Momentive Performance Materials LLC
260 Hudson River Road
Waterford NY 12188

Contact person: MomentiveEMEA.productsteward@momentive.com

Telephone:
General information
00800.4321.1000 (Customer Service Centre)

Emergency telephone number:
Europe, Israel & All other: +44 (0) 1235239670; Middle East: +44 (0) 1235239671

2. Hazard(s) identification

Hazard Classification

Physical Hazards
- Flammable liquids: Category 4

Health Hazards
- Skin Corrosion/Irritation: Category 2
- Serious Eye Damage/Eye Irritation: Category 1

Unknown toxicity - Health

<table>
<thead>
<tr>
<th>Unknown toxicity</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Acute toxicity, oral</td>

<tr>
<td>Acute toxicity, inhalation, dust or mist</td>
<td>0 %</td>
</tr>
</tbody>
</table>

Label Elements

Hazard Symbol:
Signal Word: Danger

Hazard Statement: H227; Combustible liquid.
H315; Causes skin irritation.
H318; Causes serious eye damage.

Precautionary Statements

Prevention: Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Wear protective gloves/protective clothing/eye protection/face protection. Wash thoroughly after handling.

Response: If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF ON SKIN: Wash with plenty of water. If skin irritation occurs: Get medical advice/attention. Immediately call a POISON CENTER/doctor. Specific treatment (see this label). Take off contaminated clothing. In case of fire: Use dry chemical powder for extinction.

Storage: Store in well-ventilated place. Keep cool.

Disposal: Dispose of contents/container to an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal.

Other hazards which do not result in GHS classification: None.

Substance(s) formed under the conditions of use: Reacts with water liberating small amounts of methanol.

3. Composition/information on ingredients
Mixtures

</table>

* All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

(1) The respirable particle(s) listed above are inextricably bound within the polymer matrix, and therefore does not present an inhalation hazard during normal use of this product. Tooling or machining of the cured product (sanding, cutting, milling) may release hazardous, respirable substances.

4. First-aid measures

Ingestion: If swallowed, do NOT induce vomiting. Give a glass of water. Do not give victim anything to drink if he is unconscious. Get medical attention if any discomfort continues.

Inhalation: If inhaled, remove to fresh air. If not breathing give artificial respiration using a barrier device. If breathing is difficult give oxygen. Get medical attention.

Skin Contact: To clean from skin, remove completely with a dry cloth or paper towel, before washing with detergent and water.

Eye contact: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

Most important symptoms/effects, acute and delayed

Symptoms: No data available.

Hazards: No data available.

Indication of immediate medical attention and special treatment needed

Treatment: Treatment is symptomatic and supportive. Product may hydrolyze upon contact with body fluids in the gastrointestinal tract to produce additional methanol. The potential for toxic effects due to methanol formation (eye damage and blindness, metabolic acidosis, dizziness and drowsiness, fetal toxicity, and liver, kidney, and heart muscle damage) should be recognized.

5. Fire-fighting measures
General Fire Hazards: Use standard firefighting procedures and consider the hazards of other involved materials. Collect contaminated fire extinguishing water separately. This must not be discharged into drains.

Suitable (and unsuitable) extinguishing media

Suitable extinguishing media: All standard extinguishing agents are suitable.

Unsuitable extinguishing media: Do not use water jet as an extinguisher, as this will spread the fire.

Specific hazards arising from the chemical: In case of fire, carbon monoxide and carbon dioxide may be formed. Acute overexposure to the products of combustion may result in irritation of the respiratory tract. Measurements at temperatures above 150°C in presence of air (oxygen) have shown that small amounts of formaldehyde are formed due to oxidative degradation. Reacts with water liberating small amounts of methanol.

Special protective equipment and precautions for firefighters

Special fire fighting procedures: Move container from fire area if it can be done without risk. Cool fire-endangered containers with water.

Special protective equipment for fire-fighters: Firefighters must wear NIOSH/MSHA approved positive pressure self-contained breathing apparatus with full face mask and full protective clothing.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures: Avoid contact with skin and eyes. Use only in well-ventilated areas. Remove contact lenses before using sealant. Do not handle lenses until all sealant has been cleaned from the finger and hands. Keep out of reach of children. See Section 8 of the SDS for Personal Protective Equipment. Product releases methanol during application and curing.

Methods and material for containment and cleaning up: Wipe, scrape or soak up in an inert material and put in a container for disposal. Wash walking surfaces with detergent and water to reduce slipping hazard. Wear proper protective equipment as specified in the protective equipment section.

7. Handling and storage

Precautions for safe handling: Methanol is formed during processing. Ammonia is formed during processing. Wear appropriate personal protective equipment. Sensitivity to static discharge is not expected.

Conditions for safe storage, including any incompatibilities: Keep container closed.
8. Exposure controls/personal protection

Control Parameters

Occupational Exposure Limits

This product contains one or more substances with an occupational exposure limit. However, the respirable particle(s) of this/these substance(s) are inextricably bound within the polymer matrix. Therefore, we do not expect an exposure to this/these substance(s) during normal use of this product. Tooling or machining of the cured product (sandng, cutting, milling) may release hazardous, respirable substances.

Appropriate Engineering Controls

Eye wash facilities and emergency shower must be available when handling this product.

Individual protection measures, such as personal protective equipment

General information: Wear suitable gloves and eye/face protection.

Eye/face protection: Safety glasses with side shields Wear face shield if there is risk of splashes.

Skin Protection

Hand Protection: Cloth gloves.

Other: Wear suitable protective clothing and eye/face protection.

Respiratory Protection: If exposure limits are exceeded or respiratory irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Supplied air respirators may be required for non-routine or emergency situations. Respiratory protection must be provided in accordance with OSHA regulations (see 29CFR 1910.134).

Hygiene measures: Avoid contact with eyes, skin, and clothing. Wash hands after handling. When using do not eat or drink.

9. Physical and chemical properties
Appearance

Physical state: liquid
Form: liquid
Color: Black
Odor: amine like
Odor threshold: No data available.

pH: No data available.
Melting point/freezing point: No data available.
Initial boiling point and boiling range: No data available.
Flash Point: 88 °C
Evaporation rate: No data available.
Flammability (solid, gas): No data available.

Upper/lower limit on flammability or explosive limits

Flammability limit - upper (%): No data available.
Flammability limit - lower (%): No data available.
Explosive limit - upper (%): No data available.
Explosive limit - lower (%): No data available.
Heat of combustion: No data available.

Vapor pressure: No data available.

Vapor density: No data available.
Density: No data available.
Relative density: 1.04
Solubility(ies)
Solubility in water: No data available.
Solubility (other): No data available.

Partition coefficient (n-octanol/water) Log Pow:

Auto-ignition temperature: No data available.
Decomposition temperature: No data available.
SADT: No data available.
Viscosity, dynamic: No data available.
Viscosity, kinematic: No data available.
VOC: No data available.

10. Stability and reactivity

Reactivity: No dangerous reaction if used as recommended.
Chemical Stability: Material is stable under normal conditions.
Possibility of hazardous reactions: Under normal conditions of storage and use, hazardous polymerization will not occur.
Conditions to avoid: Reacts with water liberating small amounts of methanol. Reacts with water liberating small amounts of ammonia.

Incompatible Materials: No data available.

Hazardous Decomposition Products: Carbon dioxide Silicon dioxide. Ammonia. Measurements at temperatures above 150°C in presence of air (oxygen) have shown that small amounts of formaldehyde are formed due to oxidative degradation.

11. Toxicological information

Information on likely routes of exposure

Ingestion: No data available.

Inhalation: No data available.

Skin Contact: No data available.

Eye contact: No data available.

Symptoms related to the physical, chemical and toxicological characteristics

Ingestion: No data available.

Inhalation: No data available.

Skin Contact: No data available.

Eye contact: No data available.

Information on toxicological effects

Acute toxicity (list all possible routes of exposure)

Oral Product: Not classified for acute toxicity based on available data.

Dermal Product: Not classified for acute toxicity based on available data.

Inhalation Product: Not classified for acute toxicity based on available data.

Repeated dose toxicity Product: No data available.

Skin Corrosion/Irritation Product: No data available.
Serious Eye Damage/Eye Irritation
Product: No data available.

Specified substance(s):
- Gamma-Aminopropyltrimethoxy silane
  OECD-Guideline 405 (Acute Eye Irritation/Corrosion) (Rabbit, 72 h): Strongly irritating.
- 3-glycidyl-oxypropyl-trimethoxy-silane

Respiratory or Skin Sensitization
Product: No data available.

Carcinogenicity
Product: No data available.

IARC Monographs on the Evaluation of Carcinogenic Risks to Humans:

(1) Carbon Black Overall evaluation: 2B. Possibly carcinogenic to humans.

US. National Toxicology Program (NTP) Report on Carcinogens:
No carcinogenic components identified

No carcinogenic components identified

Germ Cell Mutagenicity

In vitro
Product: No data available.

In vivo
Product: No data available.

Reproductive toxicity
Product: No data available.

Specific Target Organ Toxicity - Single Exposure
Product: No data available.

Specific Target Organ Toxicity - Repeated Exposure
Product: No data available.
Aspiration Hazard
Product: No data available.

Other effects: Ammonia released during curing.

### 12. Ecological information

**Ecotoxicity:**

**Acute hazards to the aquatic environment:**

- **Fish**
  - Product: No data available.

- **Aquatic Invertebrates**
  - Product: No data available.

**Chronic hazards to the aquatic environment:**

- **Fish**
  - Product: No data available.

- **Aquatic Invertebrates**
  - Product: No data available.

**Toxicity to Aquatic Plants**

- **Product:** No data available.

**Persistence and Degradability**

- **Biodegradation**
  - Product: No data available.

- **BOD/COD Ratio**
  - Product: No data available.

**Bioaccumulative potential**

- **Bioconcentration Factor (BCF)**
  - Product: No data available.

- **Partition Coefficient n-octanol / water (log Kow)**
  - Product: No data available.

**Mobility in soil:**

- No data available.
Known or predicted distribution to environmental compartments
Gamma-Aminopropyltrimethoxysilane No data available.
(1) Carbon Black No data available.
3-glycidyl-oxypropyl-trimethoxy-silane No data available.
Other adverse effects: No data available.

13. Disposal considerations

General information: The generation of waste should be avoided or minimized wherever possible. Do not discharge into drains, water courses or onto the ground. See Section 8 for information on appropriate personal protective equipment.

Disposal instructions: Disposal should be made in accordance with federal, state and local regulations.

Contaminated Packaging: Dispose of as unused product.

14. Transport information

DOT
UN Number: NA 1993
UN Proper Shipping Name: Combustible liquid, n.o.s. (METHYLTRIMETHOXYSILANE, Gamma-Aminopropyltrimethoxysilane)
Transport Hazard Class(es)
Class: CBL
Label(s): NONE
Packing Group: III
Marine Pollutant: No

IMDG
Not regulated.

IATA
Not regulated.

Special precautions for user: This product is Combustible as defined by the US Department of Transportation (DOT). It is regulated for transport in the US in container > 119 gallons. The product is not regulated for transport by the IATA, ADR/RID, ADNR or the IMDG regulations.

15. Regulatory information

US Federal Regulations

SDS_US 10/14
TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)
None present or none present in regulated quantities.

CERCLA Hazardous Substance List (40 CFR 302.4):
None present or none present in regulated quantities.

Superfund Amendments and Reauthorization Act of 1986 (SARA)

- **Hazard categories**
  - Fire Hazard
  - Immediate (Acute) Health Hazards

- **SARA 302 Extremely Hazardous Substance**
  None present or none present in regulated quantities.

- **SARA 304 Emergency Release Notification**
  None present or none present in regulated quantities.

- **SARA 311/312 Hazardous Chemical**

<table>
<thead>

<td>10000 lbs</td>
</tr>
</tbody>
</table>

- **SARA 313 (TRI Reporting)**
  None present or none present in regulated quantities.

Clean Water Act Section 311 Hazardous Substances (40 CFR 117.3)
None present or none present in regulated quantities.

Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130):
None present or none present in regulated quantities.

US State Regulations

**US. California Proposition 65**
This product contains chemical(s) known to the State of California to cause cancer and/or to cause birth defects or other reproductive harm.

- (1) Carbon Black
  - Carcinogenic.

- Di(2-ETHYLHEXYL)PHthalate
  - Maximum Allowable Dose Level (MADL): 410 µg/day.
  - Developmental toxin.

- Methanol
  - Maximum Allowable Dose Level (MADL): 47000 µg/day.
  - Developmental toxin.

- Toluene
  - Maximum Allowable Dose Level (MADL): 13000 µg/day.
  - Developmental toxin.
US. New Jersey Worker and Community Right-to-Know Act

**Chemical Identity**
- Polydimethylsiloxane
- Gamma-Aminopropyltrimethoxysilane
- Methyltrimethoxysilane
- 3-glycidyl-oxypropyl-trimethoxy-silane
- Carbmethoxyethyltrimethoxysilane

US. Massachusetts RTK - Substance List

**Chemical Identity**
- DI-(2-ETHYLHEXYL)PHTHALATE

US. Pennsylvania RTK - Hazardous Substances

**Chemical Identity**
- (1) Carbon Black

US. Rhode Island RTK

No ingredient regulated by RI Right-to-Know Law present.

Disclaimer:

Notice to reader

Unless otherwise specified in section 1.2, Momentive Products are intended for industrial application only. They are not intended for specific medical applications, neither for long-lasting (> 30 days) implantation into the human body, injected or directly ingested, nor for the manufacture of multiple usable contraceptives.

Further Information

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
