SAFETY DATA SHEET

1. Identification

Product identifier: RCS20.02 12C

Other means of identification
Synonyms: PREMIUM CAULK - WHITE

Recommended use and restriction on use
Recommended use: For industrial use only.
Restrictions on use: Not known.

Manufacturer/Importer/Distributor Information:
Momentive Performance Materials - Daytona
703 South Street
New Smyrna Beach FL 32168

Contact person: commercial.services@momentive.com

Telephone:
General information
+1-800-295-2392

Emergency telephone number
Supplier: CHEMTREC
1-800-424-9300

2. Hazard(s) identification

Hazard Classification
Not classified

Label Elements

| Hazard Symbol: | No symbol |
| Signal Word:   | No signal word. |
| Hazard Statement: | not applicable |

Precautionary Statements
not applicable

Other hazards which do not result in GHS classification:
None.
### 3. Composition/information on ingredients

#### Mixtures

<table>
<thead>
<tr>
<th>Chemical Identity</th>

</tr>
</tbody>
</table>

* All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

**Trade secret information:** **A specific chemical identity and/or percentage of composition has been withheld as a trade secret.**

(1) The respirable particle(s) listed above are inextricably bound within the polymer matrix, and therefore does not present an inhalation hazard during normal use of this product. Tooling or machining of the cured product (sanding, cutting, milling) may release hazardous, respirable substances.

### 4. First-aid measures

#### General information:
No action shall be taken involving any personal risk or without suitable training.

#### Ingestion:
Do NOT induce vomiting. Get medical attention immediately. Do not give victim anything to drink if he is unconscious.

#### Inhalation:
Move to fresh air.

#### Skin Contact:
Flush skin with large amounts of water for at least 15 minutes until no evidence of chemical remains. Wash with soap and water.

#### Eye contact:
In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

#### Most important symptoms/effects, acute and delayed

**Symptoms:** No data available.
Hazards: No data available.

Indication of immediate medical attention and special treatment needed

Treatment: Treatment is symptomatic and supportive.

5. Fire-fighting measures

General Fire Hazards: Containers close to fire should be removed immediately or cooled with water. Remove or isolate all sources of ignition.

Suitable (and unsuitable) extinguishing media

Suitable extinguishing media: All standard extinguishing agents are suitable.

Unsuitable extinguishing media: Do not use water jet as an extinguisher, as this will spread the fire.

Specific hazards arising from the chemical: In case of fire, carbon monoxide and carbon dioxide may be formed.

Special protective equipment and precautions for firefighters

Special fire fighting procedures: Cool fire-endangered containers with water.

Special protective equipment for fire-fighters: Firefighters must wear NIOSH/MSHA approved positive pressure self-contained breathing apparatus with full face mask and full protective clothing.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures: Avoid contact with skin and eyes. Use only in well-ventilated areas. Avoid accidental ingestion of this material. Wash hands and face before eating, drinking, smoking, using toilet facilities, or applying cosmetics.

Methods and material for containment and cleaning up: Wipe, scrape or soak up in an inert material and put in a container for disposal. Wash walking surfaces with detergent and water to reduce slipping hazard. Wear proper protective equipment as specified in the protective equipment section.

Notification Procedures: Caution: Contaminated surfaces may be slippery. Stop leak if you can do so without risk.

Environmental Precautions: Prevent runoff from entering drains, sewers, or streams.
7. Handling and storage

Precautions for safe handling: Sensitivity to static discharge is not expected. Do not get in eyes, on skin, on clothing. Do not taste or swallow. Wear protective gloves/protective clothing/eye protection/face protection. Use only with adequate ventilation.

Conditions for safe storage, including any incompatibilities: Keep away from heat, sparks and open flame. Keep container tightly closed and in a well-ventilated place. Use original container or packaging of similar material of construction

8. Exposure controls/personal protection

</table>
This product contains one or more substances with an occupational exposure limit. However, the respirable particle(s) of this/these substance(s) are inextricably bound within the polymer matrix. Therefore, we do not expect an exposure to this/these substance(s) during normal use of this product. Tooling or machining of the cured product (sanding, cutting, milling) may release hazardous, respirable substances.

### Appropriate Engineering Controls

Safety shower. Ventilation and other forms of engineering controls are preferred for controlling exposures. Respiratory protection may be needed for non-routine or emergency situations.

### Individual protection measures, such as personal protective equipment

- **General information:** Ventilation and other forms of engineering controls are preferred for controlling exposures. Respiratory protection may be needed for non-routine or emergency situations.

- **Eye/face protection:** Wear safety glasses with side shields (or goggles). Wear face shield if there is risk of splashes.

- **Skin Protection**
  - **Hand Protection:** Neoprene
  - **Other:** Wear suitable protective clothing and eye/face protection.

- **Respiratory Protection:** If exposure limits are exceeded or respiratory irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Supplied air respirators may be required for non-routine or emergency situations. Respiratory protection must be provided in accordance with OSHA regulations (see 29CFR 1910.134).

- **Hygiene measures:** Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Provide adequate ventilation.
9. Physical and chemical properties

**Appearance**

- **Physical state:** solid
- **Form:** solid
- **Color:** White
- **Odor:** Acrylate
- **Odor threshold:**
- **pH:** 7.8 - 8.4
- **Melting point/freezing point:** No data available.
- **Initial boiling point and boiling range:** No data available.
- **Flash Point:** > 93.3 °C (estimated)
- **Evaporation rate:** No data available.
- **Flammability (solid, gas):** No data available.
- **Upper/lower limit on flammability or explosive limits**
  - **Flammability limit - upper (%):** No data available.
  - **Flammability limit - lower (%):** No data available.
  - **Explosive limit - upper (%):** No data available.
  - **Explosive limit - lower (%):** No data available.
- **Heat of combustion:** No data available.
- **Vapor pressure:** No data available.
- **Vapor density:** not applicable
- **Density:** ca. 1.616 g/cm³
- **Relative density:** 1.61
- **Solubility(ies)**
  - **Solubility in water:** Soluble
  - **Solubility (other):** No data available.
- **Partition coefficient (n-octanol/water) Log Pow:** Not determined.
- **Auto-ignition temperature:** No data available.
- **Decomposition temperature:** No data available.
- **SADT:** No data available.
- **Viscosity, dynamic:** No data available.
- **Viscosity, kinematic:** No data available.
- **VOC:** 32.7 g/l

10. Stability and reactivity

**Reactivity:** No dangerous reaction if used as recommended.
Chemical Stability: Material is stable under normal conditions.

Possibility of hazardous reactions: Hazardous polymerisation does not occur.

Conditions to avoid: Keep away from sources of ignition - No smoking.

Incompatible Materials: None known.

Hazardous Decomposition Products: Carbon dioxide Toxic fumes.

11. Toxicological information

Information on likely routes of exposure

Ingestion: No data available.

Inhalation: No data available.

Skin Contact: No data available.

Eye contact: No data available.

Symptoms related to the physical, chemical and toxicological characteristics

Ingestion: No data available.

Inhalation: No data available.

Skin Contact: No data available.

Eye contact: No data available.

Information on toxicological effects

Acute toxicity (list all possible routes of exposure)

Oral

Product: Not classified for acute toxicity based on available data.

Specified substance(s):
(1) TITANIUM DIOXIDE LD 50 (Rat): > 10,000 mg/kg

Dermal

Product: Not classified for acute toxicity based on available data. Not classified for acute toxicity based on available data.

Specified substance(s):
(1) TITANIUM DIOXIDE LD 50 (Rabbit): > 10,000 mg/kg

Inhalation
Product: Not classified for acute toxicity based on available data.

Specified substance(s):
(1) TITANIUM DIOXIDE LC50 (Rat): > 6.8 mg/l

Repeated dose toxicity
Product: No data available.

Skin Corrosion/Irritation
Product: No data available.

Serious Eye Damage/Eye Irritation
Product: No data available.

Specified substance(s):
(1) TITANIUM DIOXIDE No eye irritation

Respiratory or Skin Sensitization
Product: No data available.

Specified substance(s):
(1) TITANIUM DIOXIDE negative

Carcinogenicity
Product: No data available.

IARC Monographs on the Evaluation of Carcinogenic Risks to Humans:

(1) QUARTZ Overall evaluation: 1. Carcinogenic to humans.

US. National Toxicology Program (NTP) Report on Carcinogens:
(1) QUARTZ Known To Be Human Carcinogen.

No carcinogenic components identified
Germ Cell Mutagenicity

In vitro
Product: No data available.

In vivo
Product: No data available.

Reproductive toxicity
Product: No data available.

Specific Target Organ Toxicity - Single Exposure
Product: No data available.

Specific Target Organ Toxicity - Repeated Exposure
Product: No data available.

Aspiration Hazard
Product: No data available.

Other effects: None.

12. Ecological information

Ecotoxicity:

Acute hazards to the aquatic environment:

Fish
Product: No data available.

Specified substance(s):
(1) TITANIUM DIOXIDE LC0 (Leuciscus idus, 48 h): > 1,000 mg/l

Aquatic Invertebrates
Product: No data available.

Chronic hazards to the aquatic environment:

Fish
Product: No data available.

Aquatic Invertebrates
Product: No data available.

Toxicity to Aquatic Plants
Product: No data available.
Persistence and Degradability

Biodegradation
Product: No data available.

Specified substance(s):
(1) TITANIUM DIOXIDE 0 %

BOD/COD Ratio
Product: No data available.

Bioaccumulative potential
Bioconcentration Factor (BCF)
Product: No data available.

Partition Coefficient n-octanol / water (log Kow)
Product: Log Kow: Not determined.

Mobility in soil:
No data available.

Known or predicted distribution to environmental compartments
(1) CALCIUM CARBONATE No data available.
Plasticizer Polymer Additive
DISTILLATES, PETROLEUM, HYDROTREATED No data available.
(1) QUARTZ No data available.
(1) TITANIUM DIOXIDE No data available.

Other adverse effects: No data available.

13. Disposal considerations

General information: The generation of waste should be avoided or minimized wherever possible. See Section 8 for information on appropriate personal protective equipment. Do not discharge into drains, water courses or onto the ground.

Disposal instructions: Disposal should be made in accordance with federal, state and local regulations.

Contaminated Packaging: Dispose of as unused product.

14. Transport information

DOT Not regulated.

SDS_US 10/15
IMDG
Not regulated.

IATA
Not regulated.

Special precautions for user:
This product is not regarded as dangerous goods according to the national and international regulations on the transport of dangerous goods.

15. Regulatory information
