

COLOR SELECTION GUIDE

SilShield 3100

Architectural Coatings Standard and Premium Colors

Silicone Elastomeric Coatings

Explore a breadth of color with SilShield 3100 coatings by GE Silicones. These silicone architectural coatings are available in 77 standard and premium colors or near limitless custom colors to meet the requirements of any job. Architectural Coatings by GE Silicones are made to order and tinted at the manufacturing facility to your color specifications.

Select from a pre-matched color fan deck, or custom match to substrate samples or color swatches. To receive additional information, ask ordering questions, or to request a Custom Color Request Form, please contact your GE Silicones regional Sales Representative or distributor.

The colors herein are a close approximation of the actual coating colors. For best results, please contact us online at siliconeforbuilding.com to submit color samples or swatches to our lab for color matching.
