SAFETY DATA SHEET

1. Identification

Product identifier: RapidStrength RGS7703B

Other means of identification
Synonyms: Rapid Strength Part B

Recommended use and restriction on use
Recommended use: Not known.
Restrictions on use: Not known.

Manufacturer/Importer/Distributor Information
Momentive Performance Materials LLC
260 Hudson River Road
Waterford NY 12188
Contact person: commercial.services@momentive.com
Telephone: General information
+1-800-295-2392

Emergency telephone number
Supplier: CHEMTREC
1-800-424-9300

2. Hazard(s) identification

Hazard Classification

Health Hazards
- Serious Eye Damage/Eye Irritation Category 1
- Respiratory sensitizer Category 1
- Skin sensitizer Category 1
- Toxic to reproduction Category 1B

Label Elements

Hazard Symbol:
Signal Word: Danger

Hazard Statement: May cause an allergic skin reaction. Causes serious eye damage. May cause allergy or asthma symptoms or breathing difficulties if inhaled. May damage fertility or the unborn child.

Precautionary Statements
Prevention: Wear protective gloves/protective clothing/eye protection/face protection. Avoid breathing dust/fume/gas/mist/vapors/spray. [In case of inadequate ventilation] wear respiratory protection. Contaminated work clothing must not be allowed out of the workplace. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required.

Response: If inhaled: If breathing is difficult, remove person to fresh air and keep comfortable for breathing. If experiencing respiratory symptoms: Call a POISON CENTER/doctor. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF ON SKIN: Wash with plenty of water. If skin irritation or rash occurs: Get medical advice/attention. Immediately call a POISON CENTER/doctor. Specific treatment (see this label). Wash contaminated clothing before reuse.

Storage: Store locked up.

Disposal: Dispose of contents/container to an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal.

Other hazards which do not result in GHS classification: None.

3. Composition/information on ingredients

* All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

4. First-aid measures

**Ingestion:**
If swallowed, do NOT induce vomiting. Give a glass of water.

**Inhalation:**
If inhaled, remove to fresh air. If not breathing give artificial respiration using a barrier device. If breathing is difficult give oxygen. Get medical attention.

**Skin Contact:**
In case of contact, immediately flush skin with plenty of soap and water for at least 15 minutes. Get medical attention.

**Eye contact:**
In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

**Most important symptoms/effects, acute and delayed**

- **Symptoms:** None known.
- **Hazards:** No data available.

**Indication of immediate medical attention and special treatment needed**

- **Treatment:** Treatment is symptomatic and supportive.
5. Fire-fighting measures

General Fire Hazards: Self-contained breathing apparatus and full protective clothing must be worn in case of fire. Use standard firefighting procedures and consider the hazards of other involved materials. Prevent runoff from fire control or dilution from entering streams, sewers, or drinking water supply.

Suitable (and unsuitable) extinguishing media

Suitable extinguishing media: Foam. Carbon dioxide

Unsuitable extinguishing media: No data available.

Specific hazards arising from the chemical: In case of fire, carbon monoxide and carbon dioxide may be formed. Acute overexposure to the products of combustion may result in irritation of the respiratory tract. Measurements at temperatures above 150°C in presence of air (oxygen) have shown that small amounts of formaldehyde are formed due to oxidative degradation.

Special protective equipment and precautions for firefighters

Special fire fighting procedures: Keep away from sources of ignition - No smoking. All equipment used when handling the product must be grounded.

Special protective equipment for fire-fighters: Wear appropriate personal protective equipment.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures: Avoid contact with skin and eyes. Use only in well-ventilated areas.

Methods and material for containment and cleaning up: Wipe, scrape or soak up in an inert material and put in a container for disposal. Wear proper protective equipment as specified in the protective equipment section. Warn other workers of spill. Keep unauthorized personnel away.

Notification Procedures: Remove sources of ignition. Pay attention to the risk of combustion by fire or other sources of ignition.

Environmental Precautions: Do not allow runoff to sewer, waterway or ground.
7. Handling and storage

Precautions for safe handling: Sensitivity to static discharge is not expected.

Conditions for safe storage, including any incompatibilities: Keep in a cool, ventilated location far from heat source and flame. Keep container closed. Use original container or packaging of similar material of construction.

8. Exposure controls/personal protection

Appropriate Engineering Controls: Use only in well-ventilated areas.

Individual protection measures, such as personal protective equipment

**General information:** Ventilation and other forms of engineering controls are preferred for controlling exposures. Respiratory protection may be needed for non-routine or emergency situations.

**Eye/face protection:** Monogoggles

**Skin Protection**
Hand Protection: Chemical resistant gloves
Other: Wear suitable protective clothing and eye/face protection.
Respiratory Protection: Use only in well-ventilated areas.
Hygiene measures: Avoid contact with eyes, skin, and clothing. Wash hands after handling. When using do not eat, drink or smoke.

9. Physical and chemical properties

Appearance
- Physical state: solid
- Form: solid
- Color: Black
- Odor: amine like
- Odor threshold: No data available.
- pH: not applicable
- Melting point/freezing point: not applicable
- Initial boiling point and boiling range: not applicable
- Flash Point: not applicable
- Evaporation rate: No data available.
- Flammability (solid, gas): No data available.

Upper/lower limit on flammability or explosive limits
- Flammability limit - upper (%): No data available.
- Flammability limit - lower (%): No data available.
- Explosive limit - upper (%): No data available.
- Explosive limit - lower (%): No data available.
- Heat of combustion: No data available.

Vapor pressure: not applicable
Vapor density: No data available.
Density: ca. 1.05 g/cm³
Relative density: ca. 1.05
Solubility(ies)
- Solubility in water: Insoluble
- Solubility (other): partly soluble
Partition coefficient (n-octanol/water) Log Pow: No data available.
Auto-ignition temperature: No data available.
Decomposition temperature: No data available.
SADT: No data available.
**RapidStrength RGS7703B**

**Viscosity, dynamic:** No data available.  
**Viscosity, kinematic:** No data available.  
**VOC:** 122 g/l

### 10. Stability and reactivity

**Reactivity:** No dangerous reaction if used as recommended.  
**Chemical Stability:** Material is stable under normal conditions.  
**Possibility of hazardous reactions:** Under normal conditions of storage and use, hazardous polymerization will not occur.  
**Conditions to avoid:** Keep away from sources of ignition - No smoking. Keep away from any contact with water.  
**Incompatible Materials:** Reacts with water forming ethanol. Avoid contact with acids and oxidizing substances.  
**Hazardous Decomposition Products:** In case of fire, gives off (emits): Carbon dioxide Silicon dioxide. Measurements at temperatures above 150°C in presence of air (oxygen) have shown that small amounts of formaldehyde are formed due to oxidative degradation.

### 11. Toxicological information

**Information on likely routes of exposure**  
**Ingestion:** No data available.  
**Inhalation:** No data available.  
**Skin Contact:** No data available.  
**Eye contact:** No data available.

**Symptoms related to the physical, chemical and toxicological characteristics**  
**Ingestion:** No data available.  
**Inhalation:** No data available.  
**Skin Contact:** No data available.  
**Eye contact:** No data available.
Information on toxicological effects

Acute toxicity (list all possible routes of exposure)

Oral
Product: No data available.

Specified substance(s):
- Aminoethyl aminopropyl trimethoxy silane: LD 50 (Rat): 2,995 mg/kg
- Tris(3(trimethoxysilyl)propyl)isocyanurate: LD 50 (Rat, No data available.): 2,346 mg/kg
- Dibutyltin Dilaurate: LD 50 (Rat, male and female): 2,071 mg/kg

Dermal
Product: No data available.

Specified substance(s):
- Aminoethyl aminopropyl trimethoxy silane: LD 50 (Rabbit): > 2,000 mg/kg
- Tris(3(trimethoxysilyl)propyl)isocyanurate: LD 50 (Rabbit, No data available.): 18,000 mg/kg
- Dibutyltin Dilaurate: LD 50 (Rat, ): 750 mg/kg
  LD 50 (Rat, males): 1,000 mg/kg
  LD 50 (Rat, ): > 2,000 mg/kg

Inhalation
Product: No data available.

Specified substance(s):
- Dibutyltin Dilaurate: LC50 (Rat, No data available.): 10 mg/l

Repeated dose toxicity
Product: No data available.

Specified substance(s):
- Aminoethyl aminopropyl trimethoxy silane: NOAEL (Rat, Oral, 28 d): >= 500 mg/kg

Skin Corrosion/Irritation
Product: Irritating to skin.
Serious Eye Damage/Eye Irritation
Product: Causes eye irritation.

Respiratory or Skin Sensitization
Product: No data available.

Carcinogenicity
Product: No data available.

- IARC Monographs on the Evaluation of Carcinogenic Risks to Humans:
  No carcinogenic components identified

- US. National Toxicology Program (NTP) Report on Carcinogens:
  No carcinogenic components identified

  No carcinogenic components identified

Germ Cell Mutagenicity

- In vitro
  Product: No data available.

- In vivo
  Product: No data available.

Reproductive toxicity
Product: No data available.

Specific Target Organ Toxicity - Single Exposure
Product: No data available.

Specific Target Organ Toxicity - Repeated Exposure
Product: No data available.

Aspiration Hazard
Product: No data available.

Other effects:
Product releases amine vapors during cure. Contains dibutyl tin dilaurate which may cause birth defects and reproductive effects based on animal data.
## 12. Ecological information

### Ecotoxicity:

Bioaccumulative potential

Bioconcentration Factor (BCF)
Product: No data available.

Partition Coefficient n-octanol / water (log Kow)
Product: No data available.

Mobility in soil: No data available.

Known or predicted distribution to environmental compartments
- Carbon Black: No data available.
- SILICIC ACID, TETRAPROPYL ESTER, Silicic acid (H4SiO4), tetrapropyl ester: No data available.
- Aminoethyl aminopropyl trimethoxy silane: No data available.
- Tris(3(trimethoxysilyl)propyl isocyanurate: No data available.
- Dibutyltin Dilaurate: No data available.
- 1,2-Ethlenediamine: No data available.

Other adverse effects: No data available.

13. Disposal considerations

General information: The generation of waste should be avoided or minimized wherever possible. See Section 8 for information on appropriate personal protective equipment. Do not discharge into drains, water courses or onto the ground.

Disposal instructions: Disposal should be made in accordance with federal, state and local regulations.

Contaminated Packaging: Dispose of as unused product.

14. Transport information

DOT
Not regulated.

IMDG
Not regulated.
Special precautions for user: This product is not regarded as dangerous goods according to the national and international regulations on the transport of dangerous goods.

15. Regulatory information

US Federal Regulations

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)
None present or none present in regulated quantities.

CERCLA Hazardous Substance List (40 CFR 302.4):
None present or none present in regulated quantities.

Superfund Amendments and Reauthorization Act of 1986 (SARA)

Hazard categories
Immediate (Acute) Health Hazards
Delayed (Chronic) Health Hazard

SARA 302 Extremely Hazardous Substance
None present or none present in regulated quantities.

SARA 304 Emergency Release Notification
None present or none present in regulated quantities.

SARA 311/312 Hazardous Chemical
