SAFETY DATA SHEET

1. Identification

Product identifier: SCS2800.0195

Other means of identification
   Synonyms: SCS2800 Custom Color Sealants

Recommended use and restriction on use
   Recommended use: Industrial use
   Restrictions on use: Not known.

Manufacturer/Importer/Distributor Information
   Momentive Performance Materials LLC
   260 Hudson River Road
   Waterford NY 12188

Contact person
   commercial.services@momentive.com

Telephone
   General information
   +1-800-295-2392

Emergency telephone number
   Supplier: CHEMTREC
   1-800-424-9300

2. Hazard(s) Identification

Hazard Classification

Health Hazards
   Skin sensitizer Category 1
   Toxic to reproduction Category 1B

Unknown toxicity - Health

<p>| | |</p>

Label Elements

Hazard Symbol:
Signal Word: Danger

Hazard Statement: H317; May cause an allergic skin reaction. H360; May damage fertility or the unborn child.

Precautionary Statements

Prevention: Avoid breathing dust/fume/gas/mist/vapors/spray. Contaminated work clothing should not be allowed out of the workplace. Wear protective gloves/protective clothing/eye protection/face protection. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required.

Response: IF ON SKIN: Wash with plenty of water/… If skin irritation or rash occurs: Get medical advice/attention. IF exposed or concerned: Get medical advice/attention. Specific treatment (see this label). Wash contaminated clothing before reuse.

Storage: Store locked up.

Disposal: Dispose of contents/container to an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal.

Other hazards which do not result in GHS classification: None.

3. Composition/information on ingredients

Mixtures

</tbody>
</table>

* All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.
4. First-aid measures

Ingestion: If swallowed, do NOT induce vomiting. Give a glass of water.

Inhalation: If inhaled, remove to fresh air. If not breathing give artificial respiration using a barrier device. If breathing is difficult give oxygen. Get medical attention.

Skin Contact: To clean from skin, remove completely with a dry cloth or paper towel, before washing with detergent and water.

Eye contact: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

Most important symptoms/effects, acute and delayed

Symptoms: No data available.

Hazards: No data available.

Indication of immediate medical attention and special treatment needed

Treatment: No data available.

5. Fire-fighting measures

General Fire Hazards: No data available.

Suitable (and unsuitable) extinguishing media

Suitable extinguishing media: All standard extinguishing agents are suitable.

Unsuitable extinguishing media: No data available.

Specific hazards arising from the chemical: No data available.

Special protective equipment and precautions for firefighters

Special fire fighting procedures: No data available.
6. Accidental release measures

**Personal precautions, protective equipment and emergency procedures:**
Avoid contact with skin and eyes. Remove contact lenses before using sealant. Do not handle lenses until all sealant has been cleaned from the finger and hands. Use only in well-ventilated areas. Keep out of reach of children. Product releases methanol during application and curing. Remove sources of ignition.

**Methods and material for containment and cleaning up:**
Wipe, scrape or soak up in an inert material and put in a container for disposal. Wash walking surfaces with detergent and water to reduce slipping hazard. Wear proper protective equipment as specified in the protective equipment section.

7. Handling and storage

**Precautions for safe handling:**
Sensitivity to static discharge is not expected.

**Conditions for safe storage, including any incompatibilities:**
Keep away from heat, sparks and open flame.

8. Exposure controls/personal protection

**Control Parameters**

**Occupational Exposure Limits**

**Appropriate Engineering Controls**
Eye wash facilities and emergency shower must be available when handling this product.
Individual protection measures, such as personal protective equipment

General information: Ventilation and other forms of engineering controls are preferred for controlling exposures. Respiratory protection may be needed for non-routine or emergency situations.

Eye/face protection: Safety glasses with side shields

Skin Protection
Hand Protection: Cloth gloves.
Other: Wear suitable protective clothing and eye/face protection.

Respiratory Protection: If exposure limits are exceeded or respiratory irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Supplied air respirators may be required for non-routine or emergency situations. Respiratory protection must be provided in accordance with OSHA regulations (see 29CFR 1910.134).

Hygiene measures: No data available.

9. Physical and chemical properties

Appearance
Physical state: solid
Form: solid
Color: No data available.
Odor: No data available.
Odor threshold: No data available.
pH: not applicable
Melting point/freezing point: not applicable
Initial boiling point and boiling range: not applicable
Flash Point: > 93.3 ºC (estimated)
Evaporation rate: < 1
Flammability (solid, gas): No data available.

Upper/lower limit on flammability or explosive limits
Flammability limit - upper (%): No data available.
Flammability limit - lower (%): No data available.
Explosive limit - upper (%): No data available.
Explosive limit - lower (%): No data available.
Heat of combustion: No data available.
Vapor pressure: No data available.
Vapor density: > 1
Density: No data available.
Relative density: No data available.
Solubility(ies)
  Solubility in water: Negligible
  Solubility (other): Toluene
Partition coefficient (n-octanol/water) Log Pow: No data available.
Auto-ignition temperature: No data available.
Decomposition temperature: No data available.
SADT: No data available.
Viscosity, dynamic: No data available.
Viscosity, kinematic: No data available.
VOC: 33 g/l

10. Stability and reactivity

Reactivity: No dangerous reaction if used as recommended.
Chemical Stability: No data available.
Possibility of hazardous reactions: Hazardous polymerisation does not occur.
Conditions to avoid: None known.
Incompatible Materials: None known.
Hazardous Decomposition Products: Carbon dioxide, Silicon dioxide, Formaldehyde, Ammonia. This product contains methylpolysiloxanes which can generate formaldehyde at approximately 300 degrees Fahrenheit (150°C) and above, in atmospheres which contain oxygen. Formaldehyde is a skin and respiratory sensitizer, eye and throat irritant, acute toxicant, and potential cancer hazard. A MSDS for formaldehyde is available from Momentive.

11. Toxicological information

Information on likely routes of exposure
  Ingestion: No data available.
  Inhalation: No data available.
  Skin Contact: No data available.
Eye contact: No data available.

Symptoms related to the physical, chemical and toxicological characteristics

Ingestion: No data available.

Inhalation: No data available.

Skin Contact: No data available.

Eye contact: No data available.

Information on toxicological effects

Acute toxicity (list all possible routes of exposure)

**Oral**
- **Product:** ATEmix: 62,979.59 mg/kg
- **Specified substance(s):**
  - Octamethylcyclotetrasiloxane: LD 50 (Rat): 4,800 mg/kg
  - Hexamethyldisilazane: LD 50 (Rat): 870 mg/kg

**Dermal**
- **Product:** LD 50 (Rabbit): 10,000 mg/kg
- **Specified substance(s):**
  - Octamethylcyclotetrasiloxane: LD 50 (Rat): > 2,400 mg/kg

**Inhalation**
- **Product:** ATEmix: 796.29 mg/l
- **Specified substance(s):**
  - Octamethylcyclotetrasiloxane: LC50 (Rat): 36 mg/l

Repeated dose toxicity
- **Product:** No data available.

Skin Corrosion/Irritation
- **Product:** No data available.
Specified substance(s):
Octamethylcyclotetrasiloxane  OECD-Guideline 404 (Acute Dermal Irritation/Corrosion) (Rat): No skin irritation

Serious Eye Damage/Eye Irritation
Product: (Rabbit): Slightly irritating.

Respiratory or Skin Sensitization
Product: No data available.

Carcinogenicity
Product: No data available.

IARC Monographs on the Evaluation of Carcinogenic Risks to Humans:
No carcinogenic components identified

US. National Toxicology Program (NTP) Report on Carcinogens:
No carcinogenic components identified

No carcinogenic components identified

Germ Cell Mutagenicity
In vitro
Product: No data available.

Specified substance(s):
Octamethylcyclotetrasiloxane  Ames-Test (OECD-Guideline 471 (Genetic Toxicology: Salmonella typhimurium, Reverse Mutation Assay)): negative (not mutagenic)
Mouse Lymphoma Assay (OECD Guidline 476): negative (not mutagenic)

In vivo
Product: Dominant lethal assay (Rat): negative

Reproductive toxicity
Product: No data available.

Specific Target Organ Toxicity - Single Exposure
Product: No data available.

Specific Target Organ Toxicity - Repeated Exposure
Product: No data available.

Aspiration Hazard
Product: No data available.
Other effects:

Ammonia released during curing. Octamethylcyclotetrasiloxane
Ingestion: Rodents given large doses via oral gavages of
Octamethylcyclotetrasiloxane (1600 mg/kg day, 14 days) developed
increased liver weights relative to unexposed control animals due to
hepatocellular hyperplasia (increased number of liver cells which appear
normal) as well as hypertrophy (increased cell size).

Inhalation: In inhalation studies, laboratory rodents exposed to
Octamethylcyclotetrasiloxane (300 ppm five days week, 90 days)
developed increased liver weights in female animals relative to unexposed
control animals. When the exposure was stopped, liver weights returned to
normal. Microscopic examination of the liver cells did not show any
evidence of pathology. Inhalation studies utilizing laboratory rabbits and
guinea pigs showed no effects on liver weights. Inhalation exposures
typical of industrial usage (5-10 ppm) showed no toxic effects in rodents.

Range finding reproductive studies were conducted (whole body inhalation,
70 days prior to mating, through mating, gestation and lactation) with
Octamethylcyclotetrasiloxane (D4). Rats were exposed to 70 and 700 ppm.
In the 700 ppm group, there was a statistically significant reduction in mean
litter size and in implantation sites. No D4 related clinical signs were
observed in the pups and no exposure related pathological findings were
found.

Interim results from a two generation reproductive study in rats exposed to
500 and 700 ppm D4 (whole body inhalation, 70 days prior to mating,
through mating, gestation and lactation) resulted in a statistically significant
decrease in live mean litter size as well as extended periods of off-spring
delivery (dystocia). These results were not observed at the 70 and 300ppm
dosing levels.

Preliminary results from an ongoing 24-month combined
chronic/oncogenicity study in rats exposed to 10, 30, 150, or700 ppm D4
showed test-article related effects in the kidney (male and female) and
uterus of rats exposed for 12 to 24 months. These effects include
increased kidney weight and severity of chronic nephropathy, increased
uterine weight, increased incidence of endometrial cell hyperplasia, and an
increased incidence of endometrial adenomas. All of these effects are
limited to the 700 ppm exposure group.

These results have been shown to be rat-specific. Further studies are
ongoing.

In developmental toxicity studies, rats and rabbits were exposed to
Octamethylcyclotetrasiloxane at concentrations up to 700 ppm and 500
ppm respectively. No teratogenic effects (birth defects) were observed in
either study.

Contains dibutyltin compound(s) - May impair fertility. May cause harm to
unborn child.
12. Ecological information

Ecotoxicity:

Acute hazards to the aquatic environment:

Fish
   Product: No data available.

Aquatic Invertebrates
   Product: No data available.

Chronic hazards to the aquatic environment:

Fish
   Product: No data available.

Aquatic Invertebrates
   Product: No data available.

Toxicity to Aquatic Plants
   Product: No data available.

Persistence and Degradability

Biodegradation
   Product: No data available.

Specified substance(s):
   Octamethylcyclotetrasiloxane 3.7 % (29 d, 310 Ready Biodegradability - CO₂ in Sealed Vessels (Headspace Test)) Not readily biodegradable.

BOD/COD Ratio
   Product: No data available.

Bioaccumulative potential

Bioconcentration Factor (BCF)
   Product: No data available.

Specified substance(s):
   Octamethylcyclotetrasiloxane Fathead Minnow, Bioconcentration Factor (BCF): 12.40

Partition Coefficient n-octanol / water (log Kow)
   Product: No data available.
Mobility in soil: No data available.

Known or predicted distribution to environmental compartments
- Octamethylcyclotetrasiloxane No data available.
- Hexamethyldisilazane No data available.
- DIBUTYL TIN BIS No data available.
- ACETYLACETONATE No data available.

Other adverse effects: No data available.

13. Disposal considerations

Disposal instructions: Disposal should be made in accordance with federal, state and local regulations.

Contaminated Packaging: No data available.

14. Transport information

DOT
- Not regulated.

IMDG
- Not regulated.

IATA
- Not regulated.

Special precautions for user: This product is not regarded as dangerous goods according to the national and international regulations on the transport of dangerous goods.

15. Regulatory information

US Federal Regulations

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)
