

Tube & Weld

Solidworks 3D Cad

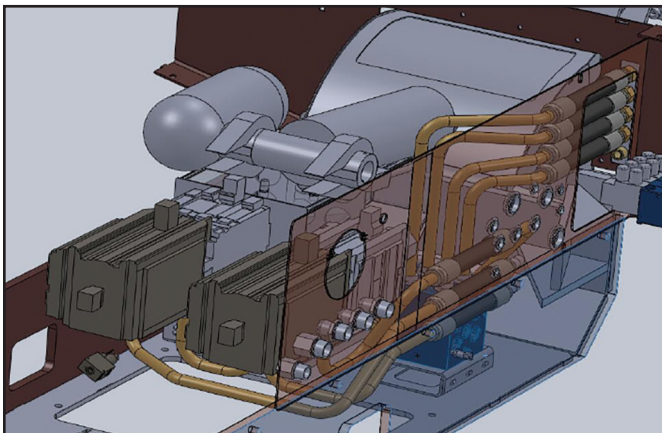

- Beading
- Bending
- Brazing (Torch)
- Brazing (Induction)
- Flaring (JIC & ORFS)
- Machining
- Welding (TIG)
- Welding (Orbital)
- Packaging
- Finishes & Coatings
- System Design
- Testing (Impulse & Burst)
- Testing (Particle Count)

Engineering support

Hydraulic tube assemblies provide:

- ✓ Higher working pressures
- ✓ Simplified assembly
- ✓ Lower labor costs
- ✓ Reduced leak points

Mid-State can assist you in developing a more cost effective hydraulic system. SolidWorks engineering software allows us to route tube and hose assemblies

for a cleaner and more attractive package. We can import and export other 3D formats to your requirements. Please contact your Mid-State representative for more information or call 1-800-421-7051.
