QuantHub Selected as a Venture Atlanta 2022 Presenting Company

Over \$6.5 billion in funding awarded to date; leading tech investment conference continues to select large and diverse lineup of innovators from the Southeast's hottest tech markets

ATLANTA – September 21, 2022 – QuantHub announced today that it has been chosen out of a record-breaking 450-plus applicants as one of the top technology companies in the Southeast to present at [Venture Atlanta FORWARD 2022](#) to be held October 19-20. For 15 years, the annual conference has been selecting the most promising tech companies and bringing in the top investment firms from across the nation to hear them pitch. Venture Atlanta has helped launch more than 700 companies and raise \$6.5 billion in funding to date, spinning out \$17 billion in successful exits.

“Being selected by a panel of dozens of judges from the venture capital industry is an incredible validation of the product and team we’ve built,” said Joshua Jones, CEO at QuantHub. “We’re excited to continue to expand our reach helping individuals and organizations grow their data skills, and Venture Atlanta is the perfect platform to gain exposure to the venture community.”

QuantHub offers training software that helps individuals and organizations learn data skills that can be used in applications ranging from building dashboards to more advanced skills like building predictive models. The platform is built using machine learning and artificial intelligence that create a hyper-tailored approach to upskilling, rather than one that relies on countless hours of static video lectures.

As in previous years, Venture Atlanta *FORWARD* 2022 is anticipated to be a sold-out event, with over 1,200 entrepreneurs, founders, investors, and business leaders expected to be in attendance. A new venue for this year’s Venture Atlanta—the [Woodruff Arts Center](#) at 1280 Peachtree Street—reflects the growing intersection of art and technology.

“Venture Atlanta has established itself as the authority for recognizing technology innovation across the Southeast and beyond, connecting the best and brightest innovators with top-tier, national investors and other leaders in the tech ecosystem,” said Venture Atlanta CEO Allyson Eman. “We again set a new record with nearly 500 applicants for Venture Atlanta Forward 2022—it’s our most competitive year yet in terms of presenter quality. With an impressive slate of 87 presenting and showcase companies, a record number of sponsors, and a brand-new venue, we’re continuing to raise the bar for what will be our 15th anniversary event.”

Venture Atlanta boasts a roster of highly successful alumni, including CallRail, Car360, Flock Safety, Florence Healthcare, Kabbage, ParkMobile, Pindrop Security, Salesforce Pardot, Salesloft, SingleOps, Stax, and Terminus.

About Venture Atlanta

Venture Atlanta, the Southeast's technology innovation event, is where the region's most promising tech companies meet the country's top-tier investors. As the Southeast's largest investor showcase helping launch more than 700 companies and raise \$6.5 billion in funding to date, the event connects the region's top entrepreneurs with local and national investors and others in the technology ecosystem who can help them raise the capital they need to grow their businesses. The annual nonprofit event is a collaboration of the Atlanta CEO Council, Metro Atlanta Chamber, and the Technology Association of Georgia (TAG). For more information, visit www.ventureatlanta.org.
