

SPX ATF MD3

MULTI-PURPOSE AUTOMATIC TRANSMISSION FLUID FOR PRE-2006 APPLICATIONS

SPX ATF MD3 is a passenger car and light truck automatic transmission fluid intended for most automatic transmissions requiring a high performance, multi-purpose, power transmission fluid. The use of premium base oils contribute to improved oxidation control and increased thermal stability. SPX ATF MD3 is formulated to maintain friction control and smooth shift action. The additive package prevents the formation of lacquers, sludge, or other harmful deposits.

Advantages

- Excellent wear protection
- Quiet, smooth operation
- Protects against rust and corrosion
- Good seal compatibility
- Dyed red to detect leaks

Applications

- Pre-2006 automatic transmissions from the makes of major OEMs such as GM and Ford
- General purpose light grade oil for compressors, pumps, and low-pressure hydraulics

Specifications

SPX ATF MD3 is recommended for use where the equipment manufacturer specifies:

- GM Dexron-II, Dexron-III (G,H)
- Ford Mercon

Note: always check your owner's manual to determine the proper ATF for your transmission

SPX ATF MD3

TYPICAL PROPERTIES

Color, ASTM D1500	Red
Flash Point (COC), °C (°F)	201 (394)
Pour Point, °C (°F)	-60 (-51)
Viscosity	
cSt @ 40°C	36.5
cSt @ 100°C	7.0
Zinc, ppm	1.0
Calcium, ppm	300

Minor variations in typical properties data are to be expected in normal manufacturing.

Health & Safety Information

For recommendations on safe handling and use of this product, please refer to the Safety Data Sheet (SDS).
