

# Changing your password in Eko?

It's easy to change your password in the Eko App.

## Here's how you can do it:

1. In your Eko app, tap More in the bottom right corner
2. Tap Profile to view your personal information
3. Tap the Settings Icon in the upper-right corner of the window
4. Tap Password
5. Enter your Current Password
6. Type your new password and confirm
7. Tap Save in the upper-right corner

**You have now successfully changed your password!**
