Priority	Focus Area	Goal Focus Area	Objectives through 2024	Disparities	Interventions	Family of Measures	By December 2023, we will have completed. . .	Implementation Partner	Partner Role(s) and Resources	Lead Agency
Prevent Chronic Diseases	Focus Area 3: Tobacco prevention	Goal 3.2 Promote tobacco use cessation	Increase the percentage of smokers who received assistance from their healthcare providers to quit smoking by 5%.	Income, Access, Disability	3.2.2 Use health communications and media opportunities to promote the treatment of tobacco dependence by targeting smokers with emotionally evocative and graphic messages to encourage evidence-based quit attempts, to increase awareness of available cessation benefits (especially Medicaid), and to encourage health care provider involvement with additional assistance from the NYS Smokers' Quitline.	Number of media and marketing outreach encounters. Number of providers participating in smoking cessation campaigns.	<b>1.</b> Provide guidance and education to health center-based primary care providers. <b>2.</b> Participate in marketing outreach. <b>3.</b> Monitor patients via quality dashboard.	Community-based organizations	Health system grantee will provide support on policy implementation and the development of standards of care as the lead for this intervention. Franklin and Essex county health departments will assist by communicating and promoting hospital resources to reach a larger group, provide subject matter expertise to keep hospital attuned to health disparities in the counties, and connect to healthcare resources.	Adirondack Health
Prevent Chronic Diseases	Focus Area 4: Preventative care and management	Goal 4.1 Increase cancer screening rates	Increase the percentage of adults who receive a colorectal cancer screening based on the most recent guidelines (ages 50-75 years old) by 5%.	Income, Access, Disability	4.1. Systems change for cancer screening reminders	Number of patients reached through patient reminder system and compliance with cancer screening guidelines.	<b>1.</b> Review current practice for reliability and timeliness to ensure reminders are being sent by all providers. <b>2.</b> Continue to track patient reminders. <b>3.</b> Monitor patients via quality dashboard.	Community-based organizations	Health system grantee will partner and support this intervention. Franklin and Essex county health departments will assist by communicating and promoting hospital resources to reach a larger group, provide subject matter expertise to keep hospital staff attuned to health disparities in the county, and connect to healthcare resources.
