

Recycled Materials Used

GRI DESCRIPTION

Percentage of materials used that are recycled input materials.

CHOW:HILL METRIC

Itemise and measure consumables: Copy paper, print paper, toilet paper, hand-towels, tissues, waste bags, cleaning products.

TARGET

Was met.

COMMENTARY

We look to maximise the use of renewable or recyclable resources wherever we can.

PERFORMANCE

We have 100% recyclable material and/or containing recyclable material for paper products and waste bags. For cleaning products there are a few items to look at replacing.

IMPACT

No or little change in our impact.

TARGET 2019-2020

We will review all cleaning products used in both studios, and move towards 100% recyclable cleaning materials.
