What our customers are saying..

Genuine service & easy ordering!

Spotify has been using Order-In for our staff lunches since Jan 2020, and we've recently added their range of pantry services.

The wonderful team at Order-In makes my life easier by offering a wide range of food for staff to enjoy, as well as keeping everything running smoothly.

Thank you Mel, Michael & Leanne!

Brigette, Office Manager, Spotify

The staff and the customer service are amazing, the **reliability and the freshness** of the produce are undoubtedly the best bits of Order-In.

I would definitely recommend Order-In, the service is fantastic, and the breadth of options available are amazing.
