

## **Letter from INTOSAI General Secretariat to Justice For Myanmar, November 19, 2021**

The International Organization of Supreme Audit Institutions (INTOSAI) is an autonomous, independent, professional and nonpolitical organization. Its purpose is to provide mutual support to SAIs to foster the exchange of ideas, knowledge, and experiences to set standards for public sector auditing; and to support SAI capacity development, cooperation and continuous performance improvement.

INTOSAI's aim is to support SAI in strengthening their capacities and to foster the exchange of experiences and knowledge.

INTOSAI is a nonpolitical organization. INTOSAI can express its concern in the event of a threat to independence of its member SAIs. This was exactly the case concerning Myanmar: The INTOSAI Development Initiative (IDI) has issued a public statement in which it expressed concerns about the situation in Myanmar.

ASEANSAI is neither an INTOSAI body nor a Regional Organization of INTOSAI.
