

PreK – Number Sense

DMTI VARIED PRACTICE

DMTI Varied Practice Worksheets

This ppt displays the worksheets that have varied situations (context, visual, equations, and other mathematical models) for students to work on. By completing these worksheets, students increase their foundational skills in the topic, which will help them with these standards and future mathematical topics.

1. If using a journal, have students present the worksheet and complete all the problems.
2. Or print the student 'Varied Practice Worksheets' using the link below for them to work on. Then, you can return to the ppt to look at the keys to check their work.

Pre-K: Number Sense 1

Materials Needed

Printed copies of the Number Sense Card Sort

Scissors

Instructions

1. Cutout the Number Sense Card Sort cards
2. Match the number to the model. Count to make sure you are correct. Focus on saying the number correctly, then matching the model to the number symbol.
3. Describe the number by saying, “*The picture shows _____.*”
